Robert J. States that all departments came in under budget last year. He hopes that the new Board of Finance does well and hopes that they look at the budget ahead of time and remember the economy and residents cannot afford a tax increase. He wishes everyone good luck and does not want the Memorial Day Parade cut from the budget.

Bill Paecht: Would like to thank First Selectman Robert J. Koskelowski for all of his years of service and all of the help he has given the Board of Finance over the years.

ITEM # 10 – Financial Reports.
Doug Thomas Finance Director: The auditor is finished and is working on the management letter and audit report. They are just waiting on the GASB45 and the audit should be done by Christmas. States that the Treasurer, Recreation and Public Works Foreman line items may be short.
Michele Pavlik: Asks about the stipend that was to be given to the Assistant Finance Director for doing the Treasurer’s work. This was presented during the last budget season.
Robert J. Koskelowski, First Selectman: The Assistant Finance Director was supposed to take over the Treasurer’s responsibilities, which did not happen. The Assistant Finance Director already does a lot of the duties of the Treasurer and he will take over for the remainder of the budget year with any of the money that is left in the line item. If not then either a small transfer out of contingency acct that will have to be approved by the Board of Selectmen and the Board of Finance or the Assistant Finance Director will have to wait until July 1, 2010.

There were no Financial Reports for the 2009/2010 budget season included in the packet. Finance Director will have them forwarded to the Board members.

Motion to add extension of First Selectman’s Life Insurance to the Agenda.

Motion Failed.

ITEM # 12 – Public Comment.
Frank Loda, 27 Osprey Drive: States that Michele Pavlik should state her comments concerning the First Selectman’s request to extend his Life Insurance under public comment. No debate just comments.

Michele Pavlik, 5 Emma Street: States the following concerns that she has concerning the proposed extension of the life insurance for the outgoing First Selectman, per 11/17/09 Board of Selectmen meeting minutes in which the First Selectman requested a continuation of life insurance benefit for a reduced policy ($50,000).

Many people cannot afford health and life insurance, especially during these tough economic times. If the Town’s insurance carrier is willing to extend health and/or life insurance benefits to outgoing employees, including a pricing advantage if the employee remains part of the Town’s group policy, this effort should be embraced by Town officials if it means someone can keep their insurance.

1. Implement a town policy that defines eligibility criteria for extension of health and life insurance benefits for outgoing employees of the town (or a town-affiliated entity that receives funding in the approved budget, e.g. Seymour Ambulance Association, Seymour Housing Authority).
   Such a policy would provide a clear basis for BOS action to extend benefits to outgoing employees and send a positive message to town employees and taxpayers.

2. Charge a nominal processing fee to be paid by the former employee.
   Such a fee would ensure “zero” cost to the taxpayers for administrative costs associated with maintaining the former employee on the Town’s insurance policy.

3. Execute a signed legal agreement between the Town and outgoing employee that includes:
   - insurance carrier documentation detailing the policy coverage and costs
   - insurance carrier documentation confirming that claims paid on behalf of former employees will not cause the Town’s rates to increase
• responsibilities and liabilities for all parties involved in the financial arrangement

Such an agreement would help protect the Town and the former employee:

• The Town’s group policy rates and coverage for current employees would not be negatively impacted by claims paid on behalf of former employees.

• The former employee should receive all benefits they are entitled to under the policy as long as the payments are made as agreed and any other stipulations of the legal agreement and policy are met by both the former employee and the Town (e.g., if the town fails to make or is late on a payment, the former employee’s coverage should not be impacted).

Robert J. Koskelowski: States that there are at least three other employees that have retired many years ago that receive insurance through the Town per Union Contract. He also states that the Ambulance Corps. and the Housing Authority employees, who do not work for the Town of Seymour, also benefit from the Town’s Group Insurance Plan. He states that the Board of Selectmen took positive action on this and will make up the terms for their next meeting.

Michele Pavlik, 5 Emma Street: She recently heard information about this issue that is contradictory to the Board of Selectmen Minutes and is trying to go on the best information that is available. She still has many concerns on this issue.

Michelle Walsh, 126 Pearl Street: Feels that concerns are a good thing except when it takes time away from the Finance Department to find out the administrative fees for this.

Bill Paecht: Thanks Jim Simpson and Michele Pavlik for their years of service.
