Another alternative would be a dry-lock method which would be installed in a two-step manner. This would be installed with a fifteen year warranty and would cost approximately $18,000 for installation. A decision will be made on the selection at a later date.

Mr. D’Orlando submitted Amendment #10 for payment and the following motion was made:

Discussion with Architect

Mr. Petrucelli reported that there were no major construction issues at this time. His firm is currently working on completing the FFE proposal and the final signage decision for the completed project.

Items mentioned included: Corner guards in the courtyard; Column covers on the second floor; Tripping problem with the Main Distribution Panel; Dashboard for visual display; Checking numbers on slabs for humidity levels; Esthetic solution for panels on sinks; and the installation of cork tack boards for the school hallways. The existing narrow tack board in the corridors has to be removed by order of the Fire Marshal.
When the topic of signage was brought up, a lengthy discussion ensued regarding the name of the building once the project was completed. It was mentioned that some townspeople voted for the project with the understanding that the new building would be called the Chatfield-LoPresti School.

There was some disagreement to this premise by the Committee membership. The majority of the members felt that the naming of the school was not under the purview of this Committee. The Board of Selectmen is the legal body responsible for this action. As a result, the following motion was made:

MOTION: (Mr. Conroy, sec., Mr. Baker) to take no action in offering a recommendation for the school's name and refer this item to the Board of Selectmen.

It was mentioned that Mr. Smith should be recognized for his outstanding work in leading to this project’s completion and that he should be designated as the sole chairman of the building committee. As a result of this discussion, the following motion was made:

MOTION: (Mr. Catlin, sec., Mr. Marcinek) to add the topic of signage discussion involving a reorganization meeting to the agenda and discuss it under Item 12 in the agenda.

The plan has two add-alternates: Swings and harnesses for special education students at a cost of $5,000, and band instruments in the amount of $17,000.00. The total cost of the FFE with the two add-alternates is $577,721.10. $600,000 had been budgeted for this line item.

Discussion ensued as to why tables were being ordered for first grade classrooms. Ms. Sypniewski, first grade teacher at the Chatfield School, was present and offered her preference for individual desks. It was agreed that desks would be ordered for the first grades and tables would be ordered for only the preschool and kindergarten classrooms.
