Item #6 – Public Comment
Sean Walsh, 126 Pearl Street (Chairman, Public Works Board): Asking the board for support of the transfer tonight. Additional savings will come from replacing the roof in the Public Works building — new lights and solar panels could not be installed on the old roof.

During the Hurricane he saw issues for emergency vehicles and a need for the whole public works building to have the use of the generator. The roof must be fixed to move forward on other building improvements.
