Fred Stanek, Attorney for project and Chuck Lee, CTDEEP: A lot of progress has been made and we are in the home stretch of the project. The Attorney General’s Office has signed off on the project and $75,000 to purchase land from Fall View Associates and $187,000 to design and build a new skate park. At this time Fall View Associates are looking for additional fees besides the $40,000 that they have received from land acquisition. Another issue is there is litigation between partners at EAG, LLC about the easement at the parking lot.

NOA Grant money was also received for this project, as well as government funding. This was supposed to be a shovel ready project, but due to the land acquisitions that had to be made it wasn’t. Hopefully everything can be settled soon and then the project can begin. The project should take approximately 18 months to complete. Milome and McBroom are working on the Operation and Maintenance Agreement that the Town will enter into with the State to maintain the park and fish ladder. A meeting needs to be planned immediately after Thanksgiving to have a briefing with the new administration, DEEP, and NOA. Attorney Stanek and Mr. Lee thank Paul Roy for all of his cooperation and hard work on this project.
