ITEM # 5 - First Selectman’s Report/100 Day Plan Update.
Some of the Selectmen had some questions at the last meeting.
- Kurt spoke with Matt Bronson concerning the downtown Smoke in the Valley Event and the parking issues are being worked on to accommodate everyone.
- The Anna LoPresti building will be turned over to the Town on September 1, 2012. The Building Review Committee will be working on recommendations for the building.
- The Teen Center will be reopened on the 3rd or 4th week in April. The Recreation Department is still looking for more volunteers to supervise the kids.
- The Board of Education’s 4th quarter report is in the agenda packet and the 1st quarter reports will commence in the beginning of April.
- Chatfield Park will be opened by April 1st. Dennis Rozum will give an update later in this meeting.

Issues & Status:
- Finalizing training for staff at the end of March meeting.
- Housatonic wire cleanup final approval has been given by the DECD and is now with the Attorney General for approval. All paperwork from Mr. Budzinski has been submitted. Within the next 2 weeks the project should be funded. Mr. Budzinski has not come in to finalize permits, etc.
- DPW will be cleaning up downtown every Thursday and they will start by the trestle and clean all the way through every Thursday, weeds, garbage etc. Goal for downtown to be cleaned up and less work will have to be done and fewer workers will be needed.
ITEM # 6 - Executive Session (Personnel, Contract Negotiations, Pending Litigation).

Motion to add discussion and possible action on proposal for the energy grant by the Energy Committee.
Motion: Nicole Klarides-Ditria Second: Al Bruno
Vote: 7-Yes 0-No 0-Abstain

Discussion and possible action on proposal for the energy grant by the Energy Committee.
Paul Roy, Chairman Energy Committee: The balance on the Energy grant is $14,185.00. The Energy Committee would like the remainder of the grant to be used for Library insulation. They submit a proposal for $15,875.00, in which the library board will fund difference. Tom Wallace: The proposal includes 20 inches of loose fill in new and old part of attic. The Town Engineer may need to review in case additional ventilation is needed. Estimated an additional few hundred dollars if needed. Kurt Miller: States that David Kalafa from DEEP had sent an email expressing that using blow insulation may need additional approval from the State Historical Preservation Office. Additionally the air conditioning system needs to be replaced at the Library. The Town had a grant for air conditioning system from Katharine Matthies Foundation, but it was lost. Hopefully the Town will be able to use LOCIP funds for the project. We will need to see if the insulation will interfere with the air conditioning project.

Motion to table the proposal until the next meeting 4/3/12 so the DEEP can give an answer whether or not blown fiberglass insulation can be used in the library and whether or not it will interfere with the air conditioning project.

Motion to add Skate Park Committee update to the agenda.
Motion: Nicole Klarides-Ditria Second: Karen Stanek
Vote: 7-Yes 0-No 0-Abstain

Skate Park Committee update: The Skate Park Committee are recommending that the Board of Selectmen award a schematic design phase to Action Sports Development LLC, not to exceed $4,995.00. This schematic phase will include 2 workshops with the community, 3 concept designs, a website
questionnaire, as well as a community consensus. Hopefully the park can be open by summer. Preliminary work takes the most time, but it will take only 60 days to build from beginning to end. New plans are given to the Selectmen, in which the distance was increased between the skatepark area and playscape area. Also fencing and noise barrier buffer. Plan has been evolving. Test borings need to be done on the field. This is a conceptual design. The Skate Park Committee would like to apply to the Katharine Matthies Foundation for an additional $40,000.00 to help complete the project. The State of Connecticut has already awarded the Town of Seymour a grant for $187,000.00.

Mike Horbal: The plan indicates 2 phases but that depends on the cost and amount of grants/donations that are received. Phase 1 construction and phase 2 based on funding to have add-ons.

Kurt would like the study to see other places in town that the skate park can be located in case the Community Center field is not able to be built on. There will be public forums and informational meetings for input on the project.

Motion to award a schematic design phase for the proposed skate park project to Action Sports Development LLC, not to exceed $4,995.00, to include 2 workshops with the community, 3 concept designs, a website questionnaire, as well as a community consensus, per recommendation from the Skate Park Committee.

Motion: Al Bruno Second: Karen Stanek

ITEM #7 - Discussion and possible action on going out to bid for the Rescue Truck, VIA Fire Commission. Tom Tomasheski, Fire Chief: Have given the Board of Selectmen members specs for the Rescue Truck. They wish to go out to bid by April 1, 2012 per approval from Town Counsel on all specs and bid information. These specs have been approved by the Fire Chiefs and the Fire Commissioners. Mike Lombardi, Captain refers to pg 90 and 91 of the specs where it states that the Fire Department will be saving approximately $130,000.00 by recycling equipment from the old rescue truck.

Motion to accept bid specs as presented by the Fire Department for the new Rescue Truck and go out to bid by April 1, 2012, pending approval from Town Counsel.

Motion: Theresa Conroy Second: Al Bruno
Vote: 5-Yes (Kurt Miller, Al Bruno, Nicole Klarides-Ditria, Theresa Conroy, Karen Stanek) 0-No 2-Abstain (Annmarie Drugonis and Gary Bruce)

ITEM #8 - Go out to bid for Silvermine Industrial Park Signage, VIA STEAP Grant. (Take Action) A STEAP Grant was received in the amount of $37,000.00 for industrial park signage. Fred A. Messore, Economic Development Director has been working closely with DOT to find area’s in town where the signs can be placed. He is also requesting that the grant be changed to include “Welcome to Seymour” signs. Has already received a verbal ok from DECD Deputy Commissioner Angelo to make that change. Would like permission to go out to bid for the STEAP Signage Grant.

Motion to go out to bid for the Silvermine Industrial Park signage STEAP Grant.

Motion: Nicole Klarides-Ditria Second: Theresa Conroy
Vote: 7-Yes 0-No 0-Abstain

ITEM #9 - Update and possible action by Town Engineer on Rimmon Street resurfacing project.
Earlier this evening there was an informational meeting held for the businesses and residents from Rimmon Street concerning the Reclamation and Drainage Improvements on Rimmon Street Project. Jim Galligan, Town Engineer and VCOG have been working diligently on this project, which will be made possible by a STP-Urban Program Grant. The Federal Government will pay for 80%, the State will pay for 10% and the Town will pay for 10% of this project. All Board members have been given an informational packet and are welcome to contact Jim with any questions or concerns that they may have.

ITEM # 10 - Presentation from Public Works Director on street sweeping, tree cutting, and catch basin cleaning.

Due to the mild winter the Public Works Department are being proactive on many projects around town and are also working on more tracking mechanisms, such as street sweeping, tree cutting and catch basin cleaning.

Dennis Rozum, Director of Public Works: Put together maps highlighting certain areas in town that pertain to street sweeping, tree cutting and catch basin cleaning.

Catch basins: In 2004 the Town of Seymour began a program started by DEP for catch basins. There were 90 catch basins cleaned the first year and 100 the second year. Hired a company out of Southington and were able to clean 200 -300 per year. To date 1300 done this year throughout town and there are approximately 1800 basins in total. DPW plan on having approximately 300 more done by fiscal year end this year. After the budget will do more. On schedule to get all catch basin cleaned by next fiscal year.

Annmarie: Would like to know what program in 2004 with DEP with the Town?

Dennis: Stormwater Management Program and has not seen the catch basin program, that is just what they have been following. All basins done throughout the summer.

Gary: Does the DPW get calls on cleaning and maintaining catch basins?

Dennis: Yes, cleaning and maintaining calls are received.

Kurt: Due to the nice weather the DPW are getting ahead on projects.

Tree trimming: Is certainly a priority in town due to the catastrophe this fall. Due to a light winter there is extra $$ in budget to be proactive. Have not done tree trimming as much in the past. Every day looking and making a list of priorities and getting it done. Serious branches in the West Street area. Will be done when road closed due to water main. Currently on Buckingham Road and Great Hill area. List will be updated daily.

Kurt: Would like these lists updated in quarterly reports. Public Works are making resident complaints a priority. Some of the larger trees need a company to be done.

Gary: States that the utility companies can get grant $$ to trim trees.

Dennis: Lewis Tree Service works for CL&P and has been trimming from lines currently/recently. DPW cannot touch the lines. No duplicating efforts.

Street sweeping: Street sweeper has been out. Skokorat area began sweeping and has been downtown a couple times. Sweeper has not been out the last couple of days, waiting for parts. Will go to Skokorat Street and then Silvermine area and on. Going quickly due to the lack of sand and salt on the roads. Every street every year is swept and hopefully they will all be done relatively soon.

Karen: Spoke to Dennis yesterday about a pile of tires on Holbrook Road at 10am and by noon they were gone as well as 12 bags of garbage. Submitted letter to the Police Department and would like to see no littering signs around town up to $99.00 fines.
AI: Spoke about the littering at the PW meeting and thanks Dennis for getting this done. Has also spoke about possible no littering signs being put up around town. Impression on businesses coming into town and insult to residents. Glad it is being done.

ITEM # 11 - Update from Public Works Director on Chatfield Park.
Washouts due to storms. Bridge repaired from parking lot. Roof has been replaced on pavilion and railroad ties replaced and mulch replaced and playscape. Baseball diamonds have been replaced using material, not clay. Half the cost of clay. Almost complete and should be ready for April 1st. Holes in the field were fixed with fill from Oxford for free. Trucked in and compacted with fabric and protected. Thursday fence company put the fence back in. Parking lot will be filled in tomorrow. Basketball ok but needs lines and backboards need painting. Park will be ready for opening day!! Kurt has pushed Dennis very hard and he has come through and done a great job. Basketball courts etc. will be done within the year, aesthetic things throughout the year. Best foot forward. Thank you Dennis

ITEM # 12 - Update from Don Smith on grant for Chatfield LoPresti School.
Motion to table update from Don Smith on grant for Chatfield LoPresti School until the next meeting 4/3/12.
Motion: Al Bruno Second: Annmarie Drugonis
Vote: 7-Yes 0-No 0-Abstain

ITEM # 13 - Discuss and take action on phone system update for Town Buildings.
The phone system upgrade for Town Buildings has been reviewed for quite a while. Comcast has made the best offer to suit the Town of Seymour’s needs. The Board had already approved the $12,000.00 to upgrade the switch.
Motion to allow the First Selectman to enter into an agreement with Comcast to provide telephone service to Seymour Town Hall and other Town Buildings.
Motion: Karen Stanek Second: Al Bruno

Excuse Town Counsel at 8:56PM. Thank you for hard work this week.

ITEM # 17 - Establish work-groups to review and make recommendations on the following:
Items B&C already have policies that should be reviewed. Kurt would like a report from each sub-committee by the April 17, 2012 Board of Selectmen meeting and would like the Board to act if necessary at the first meeting in May. He would like 3 members on each sub-committee.

a) Establish a policy/procedure concerning telecommunications at public meetings.
   There isn’t a policy or procedure concerning this issue. Would like a policy and/or procedure concerning this issue.
   Members: Karen Stanek, Gary Bruce, and Nicole Klarides-Ditria

b) Review and make recommendations for possible revisions to the “Rules Governing Recording, Photography or the use of such Broadcasting Equipment for Radio and Television Stations”.
   Review policy and FOI Commission recommendations and make changes if necessary.
   Members: Theresa Conroy, Annmarie Drugonis, and Al Bruno

c) Review and make recommendations for possible revisions to the “Freedom of Information Response Policy”.
   Would like a review of this policy to see if it needs to be updated or changed.
   Members: Theresa Conroy, Nicole Klarides-Ditria, and Annmarie Drugonis

ITEM # 19 - Tax Refunds/Abatements.
None.

ITEM # 20 - Transfers.
None.

ITEM # 21 - Correspondence.
  - Check Registers.
  - Board of Ed 4th Quarter Report.

ITEM # 22 - Other Business.
None.

ITEM # 23 - Public Comment.
James Garofolo: Considering the phone system upgrade, Board of Ed voted on their upgrade last night. Was wondering if the Town spoke to Mr. Belden to possibly join on the B of Ed contract.
Kurt: Have spoke to Mr. Belden, but this was not a good match.

Frank Loda, 27 Osprey Drive: Would like the sub-committees to allow public comment concerning FOI policy changes and would like to have input.
Kurt: When the schedule and agendas for workshops is done, public comment will be put on.

ITEM # 24 - Selectmen’s Public Comments.
Karen: Was inquiring whether or not Jamie Cohen had contacted the Town about the War Memorial Fund.
Kurt: Jamie Cohen has not contacted the Town.

Karen: Spoke to the Fire Marshal and has concerns about the Anna LoPresti building being subject to vandalism once it is vacant.
Kurt: States that the Building Review Committee will give their recommendations by August and the Board of Education will not hand the building over to the Town until September 1, 2012.

Theresa: Felt the letters sent to Alex Budzinski about Housatonic Wire cleanup were harsh and letters of that nature have the potential of turning businesses off.
Kurt: Feels that if the letters were harsh there was a reason. The holdup on the project was due to Mr. Budzinski not completing and turning in the appropriate paperwork in this process. But within a week of the letter he complied with all of the paperwork and the cleanup is now moving forward.
Theresa: Has he applied for any of the permits?
Kurt: No. Neither Mr. Budzinski nor Enviroguard have come to apply for any permits.
Theresa: Does the town have any plans on getting a dog park?
Kurt: Is putting together a LOCIP Capital plan and it maybe part of that. There seems to be a surplus in the LOCIP account.

Annmarie: Happy about all of the cleaning that Public Works is doing. Would like to see some community service people doing some of the work.
There is also a pothole at 15 Argon Terrace.
Seymour Soccer Association will be having a wine and beer tasting fundraiser at the Villa Bianca on May 19th at 7pm.
Would like to see Public Works get Storm Water and catch basin regulations in place and training.

Gary: Great Hill Hose is having their annual Easter Egg Hunt this coming Sunday at 1pm. All families are invited.

ITEM # 25 - Adjournment.
Motion to adjourn at 9:19PM.
Motion: Annmarie Drugonis Second: Nicole Klarides-Ditria
