They have to repair the holes in the field stone with clay, felt and concrete and need additional excavation and backfill. A letter from the President of the Seymour Soccer Association was received requesting that the Town of Seymour take possession of the old soccer goals and equipment to be used in the Town parks.

Thomas Eighmie, Chairman Communications Commission: Explains that he has been working on this sub-lease for approximately 11 months. This is to lease space on a
Tower located in Oxford to expand the emergency communications in areas that have gaps. This will be a $0.00 lease, but the Communications Commission has funds in their budget to have the equipment installed, which the Town already owns most of. There have already been field tests done, which accommodate the needs of the emergency services in the Town of Seymour. This is through AT&T.

Thomas Eighmie, Chairman Communications Commission, 50 Laurel Lane, Seymour: The Town of Seymour currently utilizes two connectivity services for medical communications, Northwest Public Safety and CMED New Haven. The Town changed over to Northwest Public Safety three years ago for EMS and fire, but due to them not connecting to Griffin Hospital the Town continued to use CMED New Haven as well. Northwest Public Safety has now been granted connectivity to Griffin Hospital and by discontinuing the contract with CMED New Haven this would save the tax payers a substantial amount of money of approximately $20,000 per year.

ITEM # 11 - Proclamation for “Seymour Pink Day” to increase awareness about Breast Cancer for Wednesday, October 21, 2009.

PROCLAMATION
“SEYMOUR PINK DAY”
WHEREAS, The Board of Selectmen of the Town of Seymour proclaim Wednesday, October 21st, 2009, “SEYMOUR PINK DAY”.

WHEREAS, Breast Cancer is a horrific disease both physically and emotionally. Although the numbers of new cases have fluctuated in recent years, the number of men and women in the State of Connecticut diagnosed with breast cancer is higher than the national rates. Of the 3.5 million people living in the State of Connecticut, the incidence rate for every 100,000 women is 129.9, nationally per 100,000 the rate is 117.7. The good news is Connecticut’s mortality rate from breast cancer is slightly lower than the national figures. Insidiously breast cancer is not sexist; over 1,900 men are diagnosed each year.

WHEREAS, October has been designated National Breast Cancer Awareness Month. The goal of such a designation is to bring more awareness and education about this disease to the public. The name of our Town gives us a unique advantage in helping increase awareness of breast cancer.

THEREFORE, by proclaiming Wednesday, October 21st, 2009 as “SEYMOUR PINK DAY”, the Town of Seymour will be helping the community to raise awareness and asks that the residents of the Town of Seymour wear pink to support the fight for a cure for breast cancer.

Dated this 1st day of September, 2009 at Seymour, Connecticut.

By, First Selectman Robert J. Koskelowski and the Seymour Board of Selectmen.
