First Selectman’s Report:
- The First Selectman extended an invitation to the Board of Selectman to attend the Memorial Day Parade on Sunday, May 27, 2007 @ 11:00 AM on Main Street.
- Skate Park is not officially open but kids are using it and the First Selectman is concerned over the fact the kids are not using helmets and this is a safety issue. The First Selectman hopes the parents will purchase helmets for their children. The children have been warned by the Seymour Police dept that helmets must be worn or those children will be banned from the Skate Park, once they have been banned they are banned and those that return or seen there will be arrested for trespassing, most children have complied by wearing their helmets and cleaning up their trash. Recreation Commission will be doing interviews to hire someone to over see the Skate Park. The First Selectman was at the Skate Park on Friday with the custodian cleaning up litter and mending the fence as well as planting flowers around the Town Hall.
- Castle’s in the Park Committee and volunteers will be installing new playground equipment on Saturday, May 19th and Sunday May 20, 2007 from 9:00 AM to dusk both days.
- First Selectman is currently interviewing college students for summer jobs and has narrowed his search to three individuals. They will start work on Monday, May 21, 2007 and work a 40 hour work week assisting the Parks Dept, and Public Works Dept.
- All Grant applications to Katharine Matthies have been applied for and we will know which Grants we are awarded possibly at the end of July.
- Seymour sponsored Job Fair to be held on Thursday, May 24 and Friday, May 25, 2007 from 9:00 AM – 7:00 PM. We currently have 17 companies confirmed to be at the Job Fair and we are waiting on confirmation of a few other companies.
- Selection process for Rte 67 & Rte 42 project for which we have a $750,000.00 Grant between Seymour and Beacon Falls, the selection committee has narrowed this down to five different groups and will start interviews in June to get project of the ground.
