10-3248: MOTION: (Mr. Putorti, sec. Mrs. Loda) to accept the Superintendent’s recommendation that we do not participate in the State of Connecticut Healthy Food Certification program.

Discussion: Mr. Putorti questioned what the healthy food certification program consisted of. Mr. Belden explained that it would provide food services with minimal monetary rebates in return for complying with certain state mandates. The mandates would also be imposed upon any food sales or programs provided by any clubs or organizations and could prove troublesome in some instances. Mrs. Brooks, food services director, does not recommend participation in the program.

F) Seymour High School Footwear Regulation

10-3251: MOTION: (Mrs. Loda, sec. Mrs. Flood) to retain current footwear regulation.

Discussion: Mrs. Loda felt strongly that students should not be allowed to wear backless footwear when staff regulations do not allow them the same privilege. Ms. Mascolo noted that in compliance with a grievance staff had been granted alternative dress code considerations other than backless footwear. Mr. Stanek was impressed with the petition filed by the student
body and respected their respect of procedure in doing so and believes the board should listen
to their request especially with the verification of high school administration that the backless
footwear does not appear to present a safety hazard. Mr. Putorti was in agreement with Mr.
Stanek. Mr. Strumello noted that athletes wear such footwear in an effort to preserve their
athletic footwear and prevent the athletic footwear from damaging property.

At this time, Ms. Mascolo distributed a budget “road map” to board members outlining funds
that are available for reallocation in the budget. Ms. Mascolo’s recommendations for
restoration were, in order, reinstatement of Athletic Director to free administration for instruction
and reinstatement of tutors. Approximately $7,213.00 remains for the reinstatement or
reorganization of Appendix E positions.

Mr. Strumello reiterated the importance of the tutors especially with regard to SRBI (Scientific
Based Research Intervention).

Mr. Baker felt that none of the funds should be reallocated. He believes the funds should be
budgeted in the event of maintenance or other such unexpected emergencies.

Mrs. Flood and Mr. Stanek are strong proponents of the Appendix E positions citing the
importance of extracurricular activities in building student character and community
involvement. Mr. Stanek also noted the importance of extracurricular activities during the
college application processes. He also charged the curriculum committee to review the job
descriptions of the Appendix E advisors as well as reviewing the meeting schedules of the
clubs. He also indicated his support of the tutor positions.

Mrs. Loda expressed agreement with Mr. Baker.

Mr. Garofolo noted he was ambivalent on the issue of the Appendix E positions citing his
support if the clubs were used to promote their missions not just used as social occasions. He
also noted his support for reinstatement of the tutors.

Mr. Putorti added that the job of the Board was to provide services for all students and added
his support for the Appendix E positions.

Ms. Mascolo suggested the board vote on reinstatement of the Athletic Director and tutors and
added that she would meet with Appendix E advisors and return to the board with alternatives.
Any Appendix cuts would only be made with the advice of SHS administrators. She noted that
there was no choice but to make difficult cuts when facing a 0% budget for the second year.

Mr. Baker urged the Board to exercise caution in reallocating funds keeping in mind that salary
increases in the upcoming budget year are contractual.
