3. Seymour-Beacon Falls LLC, Concept Plan Discussion

Atty. Dominick Thomas, 315 Main Street, Derby was present representing Seymour Beacon Falls LLC. Tom Haynes, Haynes Construction stated that they own the buildings behind Stop & Shop and are looking to relocate their retail store from Oxford to Seymour. He stated that they considered moving it to their location on Derby Avenue but feel that it is not really appropriate. They would like to renovate the building, expand it and clean up the area. They will also add an Ace Hardware store. Mr. Haynes noted that Lot 3 is zoned commercial but the factory building is in the GI-2 Zone which does not allow for commercial use.

Atty. Thomas stated that they discussed this with Mr. Looker and they feel that the best option is to request a text change to allow the sale of building materials. He stated that the other option would be to move the zone line which would have resulted in the zone line going through a building. He stated that they would amend Section 5.2 to allow the uses they are proposing on that site along with outside storage bins. He stated that he will file the necessary application as soon as possible and asked that the Commission schedule the public hearing for their February meeting. Mr. Looker stated that he felt that this would be appropriate.

Mr. Paecht stated that he felt that approximately $500.00/$600.00 would be needed until the end of the fiscal year. The Commission reviewed the proposed budget and it was recommended that the phone line item be increased to $1,000.00 and the mileage line item to $2,000.00. Mr. Paecht stated that they will be meeting with a computer consultant regarding getting a computer system so that everything would be on line. If this is done, the cost would be shared by various departments and he will advise the Commission on what the amount would be.
