I. CALL TO ORDER
Mr. Putorti called the meeting to order with the Pledge of Allegiance at 7:31 pm.

II. BOARD AND ADMINISTRATIVE COMMUNICATIONS
A. Recognitions
1. Mr. Fred Stanek asked for a moment of silence for Carol Cadoret who was a long time secretary at Seymour High School.
2. Ms. Kristen Harmeling stated that the U14 Mud Cats Amateur Baseball team won the World Series. Several Seymour students are on this team.

III. PUBLIC COMMENT
None
IV. REPORTS AND INFORMATION

A. REPORTS

1. Chairman’s Report
   a. Chairman’s Report
      None
   b. Board Member Comments
      Ms. Magri said that after the meeting adjourns she has some contract negotiations updates to share with the Board. Mr. Strumello said he felt that the Board had not officially or unofficially thanked Representative Conroy for her work to get the funding for the turf field and bleachers. He also said he was impressed with the quality of the people the Superintendent has hired this summer. He said he would give a grade of 90 on the reference letters. Mr. Stanek said he felt people should not start a letter of intent with “my name is…” Ms. Harmeling said she will be sharing a letter to the Board of Selectman and the Board of Finance to extend an invitation and to talk about the Community Committee. She noted that the letter may need tweaks and also a date change. Mr. Putorti said this is on the agenda.

2. Superintendent’s Report
   Mrs. Syriac reported that she is going to make another attempt to get the Let’s Talk initiative off the ground. We are having postcards printed that will be distributed to all the school offices, and around town. We want to give one more strong push to get the community to use this form of communication. Mr. Putorti suggested we put a link on the town website and Mr. Miller confirmed that this could be done. Mrs. Syriac said we will be sending out the Citizens Academy brochure to the entire Seymour community. She informed the Board that Lee-Ann Dauerty and Rob Dyer have worked together to make it possible to access the agenda backup paperwork through links in the agenda. This will be user friendly. However, this feature will only be available when our computers are used. It will be available on the 9/2/14 agenda. She informed the Board that we are undergoing a “freshening up” in Central Office. We will be redoing floor plans, moving people and furniture, replacing the flooring due to safety issues and due to the damage caused by the recent plumbing flood.

8. **Blending Town and BOE Technology Departments** – Kurt Miller
   First Selectman Kurt Miller shared his vision for the blending of the town and Board of Education technology departments. The full cost of $87,000 will be a Board of Education responsibility. Mr. Miller explained that the town will be contributing $15,000 for the period of 10/1/14 to 6/30/15 through billing by the Board of Education. The technology person would continue to be an employee of the Board of Education. The town would continue their relationship with their technology consulting firm, Cassanelli Associates to handle all repair and service needs. The expectations of the plan phase for the period of 10/1/14 to 6/30/15 will be the creation of a municipal side of a potential new town wide technology department. This would entail the development of needs and goals both short term and long term, determine appropriate staffing levels, create actionable steps to bring town side into one department, and create a budget. In addition, the establishment of controls over cross department functions to develop an action plan and to identify cost saving options across all town technology functions. Mr. Miller said the basic idea is for this person to come in and build a department. He said the Superintendent is comfortable with the plan. Mr. Putorti said this might enable us to meld the two budgets together. Mr. Miller said this would be a goal. The focus is to improve efficiency and save money. The joint technology department would benefit the municipality. Mr. Strumello expressed concerns about having one budget saying that would involve a charter change. Mr. Miller explained that it would be just the technology budget. Combining the town and education budgets would be nice but is probably 10 years down the road. Ms. Gesek asked about the $65,000 technology line item and Mrs. Harmeling said the transfers would go from the Board of Education to the town. She wanted assurances that Rob Dyer would get a $15,000 raise. We want to show the town that we want to work together. She wants a clear showing of the numbers. She said she sees this as Rob Dyer being a consultant to the town, not a person who will fix things like broken computers. Rob will be able to evaluate the needs in the future. She said again, that Rob will be an employee of the town. Mr. Strumello asked about the ending date of 6/30/15 and what would happen after that date. Mrs. Syriac explained that the Director of Technology is underpaid. The number she recommended was $20,000. The blending of the Board of Education and Town technology departments was shared with Rob during his interview. The amount is $15,000 for ¾ of a year, it may be $20,000 if they want him for a full year. Down the road, if the town decides they no longer need his services, we should not take money away from him. The Board of Education would have to absorb this amount in our budget. Ms. Harmeling asked if the Board of Finance is supportive of this plan. Mr. Miller said he felt the Board of Finance understands the needs for technology. He said he feels the town will saving at least $15,000 by this plan. Mr. Dyer said he had walked through downtown and identified some areas where things can be improved. Several areas were identified. Ms. Magri stated she was terrified that Mr. Dyer will be utilized to solve software problems and training downtown not to only look at infrastructures and equipment. Mrs. Syriac said that is not the role of the
Director of Technology, training comes from the software company. Mr. Miller reminded them that they will be keeping their consultants under contract. Mr. Strumello questioned the 7-8 hours per week Mr. Dyer would be spending downtown and said he assumed the Superintendent has had a conversation with him regarding priorities. It is important that he does an effective job for the Board of Education. Mr. Miller said he knows the 7-8 hours will be flexible and that number was what they would be essentially paying for. Mrs. Syriac said Mr. Dyer is responsible for reporting back to the Board of Education what is realistic and she understands that there may be an impact to the Board of Education initially. Mr. Stanek was concerned about adding 7-8 hours to Mr. Dyer’s work week or is it that we would be losing his services for 7-8 hours a week? Mr. Miller said we will be keeping an eye on his work week and said they will not be demanding. Mr. Stanek said he just wants to make sure this person knows what they are getting into. He also asked if the Police Department would be included. Mr. Miller said no. Ms. Magri said there is a workshop on this topic at the CABE CAPSS convention and she is attending but it might be good for others to attend. Mr. Miller said he did not expect a decision tonight and it was decided to wait until the 9/2/14 meeting to take action. Mr. Miller asked if they agreed that grounds maintenance should be the next step and Mr. Putorti said he thought so.

10. Regulations Bring your Own Device – Christine Syriac

Mrs. Syriac distributed a draft form to support the policy. At the 9/2/14 Board of Education meeting, she plans to revisit the policy based on feedback from the Administrators at the retreat. She hopes to implement the policy in early October. Based on feedback from parent concerns regarding cell phone use at the elementary level, we will only be permitting cell phones for educational purposes in grades 9-12. The elementary level uses Chromebooks and cell phone use at the middle school level is not necessary at this time saying it would potentially become more of a disciplinary issue at the middle school. Guests who sign into our networks will find very limited access due to our accessibility restrictions. Mrs. Syriac discussed the legal issue at region 14 saying this problem will not be an issue in our district.
