WHEREAS, diaper need, the condition of not having a sufficient supply of clean diapers to ensure that infants and toddlers are clean, healthy and dry, can adversely affect the health and welfare of infants, toddlers and their families; and

WHEREAS, national surveys report that one-in-three mothers experience diaper need at some time while their children are less than three years of age and forty-eight percent of families delay changing a diaper to extend their supply; and

WHEREAS, the average infant or toddler requires an average of 50 diaper changes per week over three years; and

ITEM #8: Report from Blight Officer.

Nicole read the letter from Blight Enforcement Office, Michael Marganski, as follows:

First Selectman Miller:

March 2014, this office determined that the property located at 79-101 Bank Street (known as Seymour Lumber) was in a blighted condition. This office requested a meeting with several town agencies and department heads to gather supporting documentation of my findings.

The Doris M. Tkacz, Living Trust (owner) was notified and acknowledged the deteriorated conditions located at the aforementioned address. Due to the physical size, location (proximity to State CT Highways RT 67 and RT 8) and required hazardous material abatement (adjacent to inland waterway), a plan to demolish the premises required approval from the State of Connecticut and various town agencies. The plan required the hiring of an engineering firm and then a demolish company.

In regards to pursing of fines against The Doris M. Tkacz, Living Trust, a plan for remediation was developed. The owner has worked with the necessary state and local officials in a diligent and responsible manner to date. As with any project undertaking of this size unexpected circumstances, complications and delays arise. If the owner fails to comply with the order to remediate or demolish the premises then the Town of Seymour may pursue legal action for fines.

Respectfully,

Michael Marganski
Blight Enforcement Officer

Karen Stanek stated that she felt her question was not answered. She referred back to the last Board of Selectmen meeting where Town Counsel, Richard Buturla ruled that the beginning work does not negate the blight fine. She stated that the town should be collecting fines from the property.

The law firm of Day Pitney LLP is designated as bond counsel to approve the legality of the bonds or notes.

5. That the Town hereby declares its official intent under Federal Income Tax Regulation Section 1.150-2 that project costs may be paid from temporary advances of available funds and that (except to the extent reimbursed from grant moneys) the Town reasonably expects to reimburse any such advances from the proceeds of borrowings in an aggregate principal amount not in excess of the amount of borrowing authorized above for the project. The First Selectman and the Treasurer are authorized to amend such declaration of official intent as they deem necessary or advisable and to bind the Town pursuant to such representations and covenants as they deem necessary or advisable in order to maintain the continued exemption from federal income taxation of interest on the bonds, notes or temporary notes authorized by this resolution, if issued on a tax-exempt basis, including covenants to pay rebates of investment earnings to the United States in future years.

6. That the Selectmen, or a majority of them, are authorized to make representations and enter into written agreements for the benefit of any lessor or holders of the bonds or notes to provide secondary market disclosure information, which agreements may include such terms as they deem advisable or appropriate in order to comply with applicable laws or rules pertaining to the sale or purchase of such bonds or notes or interests therein; or to delegate any of such determinations or actions to appropriate officers of the Town.
