      a. Chairman’s Report
      None
b. Board Member Comments
Mr. Strumello stated that he felt criteria should be developed that could be used when trying to determine the naming of a facility. He said the planting of a tree with a plaque is a nice way to honor someone who has passed. Mr. Hatfield commented that the Seymour High School Sports Hall of Fame dinner was a very nice event. He asked if the events that were listed in this agenda were sent out to news outlets and Mrs. Syriac confirmed that her Administrators reach out constantly to the news reporters with events in the schools and sometimes they are successful in getting things published. Mr. Putorti reminded Mr. Hatfield that this section is for Board member comments not questions. Mr. Stanek asked for a moment of silence for Paul Porter who served as principal at Seymour Middle School from 1988 through 2001, for Nina Poeta who was a wonderful young woman in our community and for Mr. John Hummel who was the #2 all time athletic fan for Seymour High School. Mr. Stanek also spoke of the Seymour High School Sports Hall of Fame dinner saying it was well attended. Ms. Harmeling spoke about the first Community Committee meeting saying she enjoyed it very much. She encouraged anyone who has ideas to reach out to the committee and she said they may try to have an additional meeting sometime in December.

2. Superintendent’s Report
Mrs. Syriac reported that the Town was able to secure more AED’s and was giving one to the Board of Education which will be hung in the hallway near the pool. In addition, Mr. Kearns has applied for an AED through a grant and if we are approved we will have an additional one. It will need to be discussed where the additional AED should go. Mrs. Syriac notified the Board that TEAM may be asking for more space and she will keep them informed as time goes on. She reported that we continue having a problem with citizens who use the school facilities during the school day. The School Resource Officer has asked them several times not to be on school grounds during the day but we continue to have a problem. If it continues, the SRO will begin issuing summons. Mrs. Syriac informed the Board that the Small Steps field trip to the United Nations has been postponed until spring due to scheduling conflicts. She distributed a report of all the Veterans Day activities throughout the district.

4. Space Humidity Control, Seymour Middle School – Discussion and possible action
Mr. Natzel gave a brief overview of the Space Humidity Control Report for Seymour Middle School. The proposal cost was $711,000. He talked about the other option which would be to buy dehumidifiers for use at the school during the high humidity season. He had secured a discount for the purchase of five dehumidifiers but unfortunately that offer expired on October 31. He said he felt the purchase of dehumidifiers is the way to go. They have been using them in the school and they are working well. Mr. Carrafiello, a Seymour Middle School teacher, agreed they make a difference.
Currently the cost is $2555 per unit although Mr. Natzel felt he may be able to get a discount. He confirmed that they did not need to be purchased right away since they would not be used until May. Mr. Strumello asked if we can hold anyone responsible for the design flaw that is causing the problem. Mr. Natzel said this has been discussed and the answer is the building was built to code at that time and we have no recourse. He also pointed out that this type of problem is not unique to Seymour and many surrounding towns have experienced the same kind of problems. Ms. Harmeling asked if draining the dehumidifiers into the courtyard would cause any problems in the future. Mr. Natzel felt draining into the courtyard is not a problem. Mr. Hatfield asked if this money was budgeted this year and Mr. Natzel said the maintenance line item should be able to accommodate it. He also confirmed we can continue to rent the units.

**MOTION:** (Mr. Hatfield/Mr. Strumello) to give authority to Mr. Natzel to purchase within the current budget year dehumidifiers for use in Seymour Middle School as soon as an acceptable price can be negotiated

Mr. Hatfield suggested moving this to the consent agenda. Mr. Hatfield suggested we change the format perhaps putting it on a separate piece of paper. Mr. Hatfield said it's confusing and did not understand why it was included in the agenda. There was some discussion on why this information is included on the agenda and why no action is taken on it. Ms. Harmeling reminded the Board that we do not approve appendix e positions when given to a member of the bargaining unit. Ms. Harmeling left the meeting at 8:05 p.m. Mr. Hatfield said it was difficult to vote on these contracts because there were so many changes. Mr. Putorti explained that this is an approved contract. Ms. Magri offered to read the report and Mr. Strumello asked that she go over the highlights of the contract. Ms. Magri said the contracts remain consistent across the board with regard to the medical plan. This was a prolonged process with the Paraprofessionals and she feels it is a fair settlement. Mr. Hatfield asked if he could add to the agenda regarding the naming of the auditorium. Mr. Putorti said this is being sent to the Facilities Committee for discussion and possible action. Mr. Hatfield asked if we can use the same process since we just did it at Chatfield-LoPresti. Mr. Putorti said he felt there was not need to rush. Mr. Stanek agreed; saying we may need to establish some procedure. Naming the playground was essentially moving the LoPresti School playground to Chatfield-LoPresti School. He said criteria may be needed moving forward. Mr. Hatfield asked what should be discussed at the Facilities Committee meeting and Mr. Putorti said do you want to name the gymnasium for Paul Porter? Do you want to develop criteria? He said Jay will need to develop the agenda. Mr. Strumello said part of the criteria should be what the honor is. He reminded everyone how the town was split when there was talk of naming the Seymour Middle School for Dr. Nolan. The Board should be unified with these decisions. If we have criteria it will be an easier process. It will make for a better decision which is not strictly based on emotion.
Mr. Stanek agreed saying he felt it is worthy of discussion. Mr. Hatfield asked how to set up a Facilities Committee meeting and Mrs. Syriac reminded him to send an email to the other members of the committee with two or three dates to see if they are available.
