Mrs. Syriac said that historically, committee minutes have not been approved by the Board. They have been presented as information only. She said it was the decision of the Board if they would like to approve committee minutes in the future. After a brief discussion it was decided to continue as it has been and present minutes as information on future agendas.

C. Superintendent’s Report
   Mrs. Syriac informed the Board that she would be bringing names forward for non renewal on the February agenda. The majority of the non renewals will be long term substitutes. There will also be some non tenured teachers who will be non renewed based on final budget approval. E. NEASC Update – Jim Freund
   Mr. Freund reported that after meeting with the NEASC representative, he is pleased to report we are in
   good shape and well ahead of the game. Mr. Strumello asked Mr. Freund if he knew the status of the
   Waterbury Schools entering the NVL. Mr. Freund said they are waiting to see what the schedule would
   look like

F. Building Use by Outside Organizations – Christine Syriac
   Mrs. Syriac wanted to share with the Board a problem that has been uncovered with a couple of outside
   agencies using our facilities before or after school. This started with an issue with SONCCA and a space
   conflict. This conflict has been resolved however; Mrs. Syriac has found that there is no Building Use
   Agreement in place for SONCCA for their before/after school program or for TEAM who uses the building at
   times when we are shut down. Mr. Putorti said he felt we should have an agreement with them. Mr.
   Hatfield said he sits on the Board of TEAM and is not sure if they have agreements with other school
   districts. Mr. Hatfield wondered if this should be referred to the Policy or Facility Committee. Mr. Putorti
   said we should just take our standard building use agreement and modify it. After more discussion it was
   decided that since there is no change in policy, Mrs. Syriac can modify the building use agreement and
   issue it to SONCCA and TEAM.

G. Discussion of Associate Superintendent Position Posting
   Mrs. Syriac informed the Board that she would like to post the Associate Superintendent position in early
   February which would allow for interviewing in March and a hire in April. Mr. Putorti asked if there were
   plans to change the position. Mrs. Syriac said she would prefer that the job description not be changed.
   This person is the second in command; the Superintendent’s designee. Mr. Putorti said he felt there was a
   problem with the title for this position. Mrs. Syriac said in anticipation of this discussion, she did some
   research and distributed a list of possible titles for the position. Ms. Harmeling asked if the title changed
   would this job be in the administrators union. Mrs. Syriac said she felt it would not. Mr. Hatfield asked if
   this should be referred to the Policy Committee. Mr. Strumello asked where Mr. Belden’s position fell within
   the hierarchy and if a 092 is required for the position. Mrs. Syriac said the Associate Superintendent is
   second in command and Mr. Belden’s duties are quite different from the Associate Superintendent. Ms.
   Harmeling said she was in favor of Assistant Superintendent. She explained that if we take the
   “superintendent” out of the title, we will not attract the caliber of candidates that we need to hire in order to
   grow them into Superintendent in the future. If the position is filled internally, it may be viewed as a step up
   but to outside candidates who may already have the title of director will view the job as a lateral move and
   may not apply. Mr. Putorti said changing the title may alleviate some of the problems we have had in the
   past with passing the budget. Mrs. Syriac reminded the Board that the policy allows for the use of
   Associate Superintendent or Assistant Superintendent and Assistant Superintendent of Finance &
   Operations or School Business Manager so changing the titles will not require a policy change. Mrs. Syriac
   said she was uncomfortable with changing the title of Associate Superintendent and leaving the
   “superintendent” in Rick’s title. Doing so would confuse people with regard to the hierarchy. Ms. Magri
   said she felt it was not the Associate Superintendent title that was the problem. She felt the problem was
   with the Assistant Superintendent of Finance and Operations title that is the problem. This job should really
   be identified as a School Business Manager. She suggests once Rick retires, this title be changed.
Mrs. Syriac said the last time we posted the position, we asked for a 093 certification because the state was going to require it. She was not sure why that requirement was postponed. Mrs. Harmeling said she felt the position should be a 093 position. Mrs. Syriac said she would not mind having both certifications in the posting. This would allow for the hiring of an 092 certification but willing to grow to a 093. Mrs. Syriac suggested the posting to begin at the base salary minus $5000. After more discussion, it was decided to keep the titles the same at this time.

Mrs. Gesek asked if the instructional paraprofessional who left the district to become a Special Education teacher in another district was considered for this job. Mrs. Syriac confirmed she was interviewed and Mrs. Tagliatela said she was interviewed but accepted another position before the interviewing process was completed. Mr. Stanek asked if there were candidates from Seymour considered. Mrs. Tagliatela confirmed that no Seymour residents applied for the middle school position.
Mr. Stanek asked why we were hiring someone without their certification and Mrs. Syriac said his certification will be in tact within the next two weeks. Two superintendents called to inquire if we are hiring Mr. Goldstein because if we were not, they were going to extend an offer. Mr. Strumello noted that he has a background in tennis and we are in need of a girls tennis head coach.

   Mrs. Syriac said the job description was sent to the Board Members. She explained that it has been very difficult to support the data requirements of the state. Mary Lavoie did some of this work and it has been difficult to pick up the pieces since she left. This position will be funded through a grant. It will be 25 hours a week and is considered part time. Mrs. Syriac has set aside $40,000 for this position. This position requires technical experience, cannot get what we need at $10.00 an hour. Ms. Harmeling said the full time rate for this position would be around $53,000. She asked if we thought we can find someone. Mrs. Syriac said we can try. Ms. Gesek asked if the grant was a one year grant. Mrs. Syriac said this particular grant is a recurring grant. Mr. Stanek voiced his distain with all the state mandates that end up costing us money as a district. He said he was simply tired of it. Ms. Harmeling said she agreed with the burdens that the state places on us. She said she felt this person will be an asset to the district by freeing up administrators and others who currently struggle with the data management.
