II. BOARD AND ADMINISTRATIVE COMMUNICATIONS
A. Recognitions
1. Congratulations to Bungay School 5th grade students Sarah Webb, Alexa Tamburrino, Anthony Buono, Nektaria Karagiannis and Jacek Inglant and Chatfield-LoPresti 5th grade students Julianna Blanding, Constantine Lampronikos, Joseph Budnick, Jake Chacho, Jason Ouellette and Mikayla Zedek. They were chosen to attend The Connecticut Association of Schools Leadership Conference at the Naugatuck Valley Community College on Tuesday, January 13, 2015: The leadership conference teaches students leadership skills, how to be a team player, how to communicate your ideas and thoughts, and how to utilize the resources available to you to solve a problem.
Chatfield-LoPresti School Grade 5 students Jackson Hannon (Art) and Juliana Blanding (Music) and Bungay Grade 5 students Gabrielle Sand (Art) and Alexa Tamburrino (Music) are the Arts and Music Festival recipients. They will be honored with a ceremony at the Aqua Turf Club in Southington on February 24, 2015.

Ms. Harmeling recognized Dante Criscio who advanced to the state competition for Math Counts. Ms. Hamad said the Math Counts competition that was held on Saturday. She said more detail would be shared in the next agenda.

Mr. Putorti said he attended the Rise up Event held by Ernie DiStasi and it was a fantastic event. He believed about $1500 were raised for the mentoring program.

D. **Workers’ Compensation** – Discussion and Possible Action

Ms. Harmeling said this topic was the focus of the Finance Committee meeting. We are experiencing a “perfect storm” with regard to Workers’ Compensation. Claims have been building up over time and decisions have been going against us. She said her feeling was since we don’t have a reserve fund we should ask the town to pay like they do for other departments. Responsible businesses would have a savings account but we are not a separate business; we are a department of the Town of Seymour. She suggested a thoughtful appeal was in order. Mr. Putorti said we have a major liability that we cannot cover. We will have a dialogue with the First Selectman and the Chairman of the Board of Finance. Mr. Belden talked about developing a Internal Services Account which would be built up when we have a good year and in bad years could use the funds to pay. Mr. Hatfield asked if this dialogue would take place before or after the budget presentation and after we pay off this year, what is the amount we will still owe? Mr. Belden said we have budgeted $160,000 but there are too many unknowns to know how much we will pay or what, if anything, will be left. Ms. Harmeling said we may have to take from other line items. Mr. Belden said we will be in a deficit situation by the end of the year. He will have a better idea after he knows the excess cost amount in March. Mr. Strumello asked if the town is aware of this possibility and Mr. Belden confirmed the town is aware of this situation. He said last year we were able to cover this deficit with the savings from the creation of the HSA program.

**MOTION:** (Ms. Harmeling/sec., Ms. Magri) to authorize the Superintendent of Schools and the Assistant Superintendent of Finance and Operations to begin a dialogue with First Selectman and the Chairman of the Board of Finance to address the payment of Workers Compensation claims.

**SO VOTED**

**AFFIRMATIVE:** Ms. Harmeling, Mr. Hatfield, Ms. Magri, Mr. Putorti, Mr. Stanek, Mr. Strumello

E. **Technology Maintenance Plan** – Rob Dyer

Mr. Dyer presented the draft of the Technology Maintenance Plan. This plan provides a replacement schedule for devices. In the past, the focus was the infrastructure, wires and switches. We are in a good place now and cost savings have been realized. This plan can be followed to replace and sustain devices. Some of the work has been done through grants. Mr. Hatfield wanted to see more justification on why we are not going more toward Chromebooks. Mr. Dyer explained that while Chromebooks are $300 and laptops are $500, laptops come with a warranty. Screen repairs on Chromebooks start at $250. We cannot look at only the initial cost; we have to look at the whole life of the computer. Ms. Snopkowski said many courses require software that does not run on Chromebooks. Ms. Harmeling said many high school students have their own devices but those who use school devices, are they able to take them home? Mrs. Syriac said we are not yet at a place where students can take devices home. Mr. Dyer said it is preferable to have a cart in the classroom. There is far less damage than students transporting devices from classroom to classroom. Mrs. Syriac said we are not ready at this time for 1:1 and this is financial concern. We are unable to afford the replacement costs. Teachers are not in a place to embrace this yet. This is a five year vision/plan. Mr. Hatfield said the use of devices is not standard from elementary to middle to high school. Mr. Strumello reminded the Board that there is a committee for this. The middle school and high school have been involved. Objections should have been addressed. Mr. Strumello asked Mr. Freund if he was satisfied. Mr. Freund said we are not sure of the future so we need to be open. Mr. Strumello said the administration is behind the Technology Maintenance Plan. Ms. Hamad confirmed there has been lots of discussion on this. Ms. Snopkowski said the committee got input from the middle school and the high school. Daniel Robinson, student representative, said there is lots of diversity with laptops, with Chromebooks, you are stuck; cannot grow from there. Elementary students will adapt to any device you give them, that is just part of our world. We need laptops, not necessarily 1:1. Teachers may not be able to teach if every student has a device.
F. Technology Grant – Nancy Snopkowski

Ms. Snopkowski shared the Technology Grant with the Board. She reminded the Board that we received $245,000 from the last technology grant. There is no way to know if we will receive the $270,000 we have applied for but this round will be matching funds. The rate would be 63%. We hope to use these funds to supplement our district devices. The matching funds would come from the Technology line item and we have until the end of the fiscal year to match the funds.

MOTION: (Ms. Harmeling/sec., Ms. Magri) to approve the submission of the Technology Grant to the State
