ITEM #5: First Selectman’s Report.
1. As of Friday, the town has officially closed the sale of the LoPresti School. I have received a check for $335,000 which will be used to improve the overall condition of our town buildings. We will be taking action on a specific resolution later in the meeting on usage of these funds.

2. The town has depleted its snow budget for the year. We will be discussing a transfer later in the meeting outlining how we will handle things until the end of the season. We project to be about $103,000 over in materials and $23,000 over in labor. These projections allow for 4 more additional storms. I have brought along the 2014-2015 Snow Event Report that we keep to log the cost of every storm if anyone would like to view it.

3. I am scheduled to present my budget to the board of Finance on Thursday, March 5 at 7:00 pm. At that point, I will do a review of the town’s overall financial position including debt service, fund balance and expense projections.

4. Had initial meeting with Jim Galligan regarding the road program and the work to be done for Spring of 2015. Based on some conversations that have been had, we may be able to include about $500,000 worth of category C roads. Jim and I will be meeting again on Thursday to discuss in greater detail. I hope to have him at our next meeting to talk about time lines and schedule for the project.

5. At our March 3 meeting, I will be showing you the next master quarterly report for the town that will be used as part of the presentation to the 10 year strategic planning committee. My first report to them is scheduled for the third week in April.

6. Attended the final walk through of the fish by pass with staff from the contractor, Milone and MacBroom and Chuck Lee. We are waiting for some final paper work from the state to officially turn the park over to the town. Once that paper work is received and reviewed by Atty. Stanek, it will be presented to this board for final approval and acceptance. As it stands, we are projecting the fence to close down and the park to be open for the season on or around Friday April 3, weather permitting.

Bristol Resources was a consortium that we are involved with along with several other towns. Kurt stated that the initial reason for the creation of this group was to create the plant that is used to burn all the garbage. When it was initially put into place, it was determined that once the note was paid off, the communities that paid for it would no longer own the facility and that it would go to Covanta. Kurt stated that they have given the town favorable rates in which to dispose of our garbage. Now that BRRFOC is dissolving, we are getting payments back of fund balance, excess capital, etc. Kurt stated that the town to date has received $190,000.00. The town is projecting to receive another $130,000.00 over the next three months. Kurt stated that BRRFOC encouraged the town to use the money towards environmental issues.

ITEM #11: Discussion and take possible action on Seymour Lady Wildcats Shred-It CT fundraiser.
Kurt read letter as follows:
The Seymour Lady Wildcats Booster Club would like to use the parking lot adjacent to the Community Center and Skate Park for a document shredding fundraiser to be scheduled for Saturday, April 18, 2015, beginning no earlier than 7:30 AM and ending no later than 1:30 PM.
Shred-It CT would bring one document shredding truck to be parked in the lot for a 2-4 hour time slot (to be determined), plus approximately 30 minutes before and after for set-up and clean-up. They offer this service beginning in April, Saturdays only, as a “community” event.
The event would provide a valuable, convenient opportunity for individuals and small businesses in our community to safely dispose of personal and confidential documentation. As a fundraiser for our team, the site is a safe location for our players to assist with a service event and thank the community for their continued support of the SHS Lady Wildcats Softball Program.

My next steps are to request approval from the Board of Education and confirm the date with Shred-it. Thank you for your consideration and I hope to hear from you soon.

Dina Zygmont

Kurt stated that this was discussed at the Recreation Commission meeting and was approved.

At our meeting on February 5, 2015, the Seymour High School Athletic Field Committee voted to select Nafis & Young Engineers as our recommendation for the architectural/engineering firm for the renovation of the Seymour High School athletic complex. We hope you will approve our recommendation. Thank you for your consideration.

ITEM #22: Correspondence.

- Check register.
- Resignation letter from Robert Aquavella from the Recreation Commission.
- Kurt read letter from Chatfield-LoPresti student Brook Reilly as follows:
  - Dear Mr. Miller,
    My name is Brook Reilly. I go to Chatfield-LoPresti School. I think that our town (Seymour) should have a community garden. Maybe there is room in Seymour that people can use for gardening. I think it would be a good idea because it would attract more people to Seymour. It would also make our town look better. Also, people that live in apartments would have a place to garden. Gardens improve our environment and we should take part in keeping our environment clean. I think that if free space is not being utilized we should use it for a garden. I know it’s a lot to ask for but I’ve been hoping that it would happen.
    Sincerely, Brooke Reilly

Kurt stated that the Seymour Land Trust has land that can be used for this. Alex Danka is in the process of finding a spot. He stated that the Bristol Resource money could possibly be put toward this.

ITEM #23: Public Comment.
None.

ITEM #24: Selectmen’s Public Comments.
Kurt Miller stated, with regard to Karen Stanek’s request of a blight committee, Town Counsel, Richard Buturla, reached out to Attorney Fran Teodosio and is waiting to get the information from him.

Paul Roy stated that Mike Flynn is interested in being a part of the Inland Wetlands Commission. He stated that in conversations with Ed Strumello, different departments in town were asked to be a part of a mentoring program through the school system. The Chief of Police was asked and stated that the Police Department would not be interested in taking part of the program. He stated that he would like to see police officers get involved and be mentors. He suggested approaching the Police Department again. He stated it will be interesting to see how well the pothole killer worked through the winter we are having.
Kurt stated that Don Smith did an analysis before the winter and will be doing one after. He will give a report after.

Nicole Klarides-Ditria stated that it would be an asset to have police officers be a part of the mentoring programs. She inquired about whether or not the Fire Department was asked to be a part of the program as well. Kurt stated that he will look into it.

Nicole stated that all three candidates that the Seymour High School Athletic Field Committee interviewed were great. She stated that in the end the committee felt strongly that Nafis & Young would be best for the town.

Al Bruno stated that when the snow melts, we are going to see a lot of debris in our town. He inquired if Kurt has thought about a “Seymour Goes Green Campaign.”

Kurt stated that the Seymour Sweeps program is along those lines. He stated that they are targeting April for the program to begin. He stated that himself, Dennis Rozum, Director of Public Works, and Tony Caserta, Manager of Operations; will do the first run. Light Duty employees will be used for the program.

Annmarie Drugonis stated that she is glad to see that the Maple Street School building was sold and the money is finally coming in and making improvements to town buildings. She stated that the way the storms have been hitting the town, Public Works has been doing the best they could to keep up. She stated that Kurt is doing good job with the Code Red System. She discussed what Beacon Falls did with snow removal around fire hydrants. The offer was if you were the first 10 people to let the town know that you shoveled out a fire hydrant, they get $25 gift card to a local restaurant. She stated that she thinks it is a great idea and it’s great to get the residents involved.
