Agenda Item #1: Discuss Public Act No. 15-95 An Act Concerning Municipal Plans of Conservation and Development

Ms. Rogalski stated that the State Senate passed a major change. Municipalities now have until July 1, 2016 to complete their plans without a penalty.

After Board discussion, it was decided that the planning will continue following the current schedule.

Agenda Item #2: Discuss POCD updated timeline

Elections are to be held in November. With the possibility of change in positions to go into effect, it was decided to keep Phase III November 30th deadline dates as the goal.

Phase III-
The public hearing on Adoption will remain on November 30th and a special meeting will be called directly after the public hearing to finalize the plan.

Phase II-
The exact date of the public workshop still needs to be confirmed. Mr. Koskelowski would like the meeting to be held in a larger room with the hopes that we will have more town participation which would encourage more residents to vote.
Ms. Rogalski inquired who she would work with regarding publicity. Mr. Koskelowski recommended working with Rory Burke in the First Selectman's office. He can assist with posting notices on the Town website, Voices, Valley Sentinel, and utilizing the Code Red System.

Phase I -
Ms. Rogalski inquired when we will discuss the results of the public workshop on July 9th. It was decided that we can discuss during the regularly scheduled meeting that follows the public workshop on July 9th and add as an agenda item.

Ms. Rogalski inquired if anyone had any other comments/concerns regarding the current timeline. Everyone agreed we stay on the current track.

Agenda Item #3: Review Department Head Questionnaire

Ms. Rogalski explained the purpose of the Department Head Questionnaire is to solicit input on how to build upon Seymour's current strengths as well as improvements of current weaknesses.

Ms. Rogalski inquired as to how best distribute the questionnaire. Rory Burke in the First Selectman's office can deliver to each department head/put in their mailbox. It was also recommended that Ms. Rogalski contact the First Selectman's office to request she be invited to join the next Department Head Meeting where she can introduce herself and discuss the importance of the questionnaire.

Agenda Item #4: Review Online Questionnaire

Ms. Rogalski advised that she will be utilizing the software "Survey Monkey" to distribute the questionnaire. It is what Derby used and it worked well for them.

Each question was then reviewed and solicited input for any comments/changes/additions.
