Everyone saluted the flag and recited the Pledge of Allegiance.

ITEM #3: Public Comment.
Fred Stanek, stated he believes the practice with holidays falling on a Friday and closing Town Hall on Thursday in observance should cease. He stated it makes it difficult for those who need to use Town Hall. He stated many people need to use Town Hall. He encouraged the board to consider making Town Hall open five days a week or some variation of that.

Cynthia Zukas, 270 Pearl Street, was wondering if they were going to grind down the streets because of the poor conditions of the sidewalks and also the curbing. She stated the roads are higher than the curbing especially on Spring Street. She stated many sidewalks on Pearl Street are gone because of the asphalt is now equal to those sidewalks. She discussed this one company that will clear in front of their building but won’t clear the property they own next to the building. She also discussed garbage issues on Day Street. She stated many people leave garbage cans on the road and the tops flip open and garbage goes everywhere. She discussed the issue with sofas and broken chairs that are just staying on the side of the road for many years. She commended Public Works for cleaning the sidewalks at Bladen’s Brook.

Sean Walsh, 126 Pearl Street, stated he unfortunately could not be here for earlier meeting. He believes the Blight Ordinance change is better than the past. He still believes they are treading on dangerous grounds and it may cause problems down the road.

Theresa Conroy, stated she was just at the EDC meeting and when she asked about industrial property that is available for potential buyers no one knew what was available. She stated she knows of a business in Hamden Industrial Park right now that is looking to expand to Seymour. She asked to get an inventory of available industrial property space.

ITEM #6: Discussion with Boys & Girls Club.

Jessie Patrick, Unit Director for the Boys & Girls Club in Seymour gave updates on the progress of the club. Since last June the membership has grown 75%. After school membership as of June 2015 was 89 and they are currently at 156 with the average daily attendance of 100 kids. The Friday Night TGIF Middle School Program currently has 256 members with an average weekly attendance of 110-120. They have increased their programming. She stated they are noticing an influx of high schoolers and have started a high school volunteer program that since September has had 61 high school volunteers.

They introduced Tierny Baldwin that would like to share her experience at the Boys & Girls Club.

Tierny: I am 9 years old and I have been going to the Boys & Girls Club since September of 2014. Before I started at the Boys & Girls Club I did my homework at home and sat on the couch and watched TV. I have a lot of brothers and sisters and was hard for me to concentrate on homework and hard for my mom to help everybody. The Boys & Girls Club has changed my life a lot. Now I have staff to help with homework and get better grades. The staff has made my life better by helping with a lot of things such as problems with friends, school, family and anything that I need. One way that the Boys & Girls Club has helped me is by helping me control my anger. Sometimes I would get really mad about things and would have a hard time controlling it. One thing the Boys & Girls Club has taught me was to write my feelings down on paper. They gave me a binder and I used the paper to write what happened on top and write my feelings on the bottom. This helped me focus on something positive and work out my feelings. Another way the Boys & Girls Club has helped my life is by making me feel very proud of myself. Sometimes they let me help with the 5-7 year olds. The 5-7 year olds look up to me and it makes me feel proud. There are over 150 kids who come to the Boys & Girls Club and every one of them has a story like mine. Thank you for taking the time to listen to me. Hope you like what I had to say about my Boys & Girls Club.

Shaye Roscoe believes what Tierny had to say is a true testament to what goes on at the Boys & Girls Club. She thanked the board for their support.
Nicole stated she thinks this is a great addition to the town and community and encouraged the center to keep up the great work.
Don Smith thanked the members of the board for their support of the Boys & Girls Club. He stated the progress of the club is a real testament to the staff. Don discussed the Back a Kid Campaign and how the Seymour kids will be highlighted.

ITEM #12: Discussion and take possible action regarding awarding of Seymour High School softball field infield restoration.
Kurt read the following letter from James Galligan of Nafis & Young:

Dear Mr. Miller,

Nafis & Young Engineers, Inc. opened bids on the referenced project on Monday, March 30, 2016.
One bid was received from Sports Turf Specialties, Inc. in the amount of $43,431.12. We have reviewed the bid and found that it was mathematically correct and proper bid bonds accompanied the bid. The Softball Committee has bid improvements for this field on three (3) separate occasions. Each time the bids received were more than the budgeted amount. Subsequently, the Committee revised the Scope of Work to include only the infield improvements. The current bid of $43,431.12 is under the $45,000.00 budget for this work. As such, the Softball Field Committee voted at their March 30, 2016 meeting to forward this request for approval from the Board of Selectmen.
Therefore, Nafis & Young recommends that the Town of Seymour award the bid for renovations to Softball Field at Seymour High School to Sports Turf Specialties, Inc. in the amount of $43,431.12.
If you have any questions, please feel free to contact me.
Sincerely, James Galligan

Read an email from Chairman, Chris Adamo:
Diana, please remind Jim for tonight’s meeting that previously submitted and rejected site work bid was $85,000. A little more homework after that sticker shock and we arrived at this bid. We have a better long term solution with this plan, better grade of material being used for the field (the current material on the field is very, very good) and we are adding a couple inches of the best material to raise the elevation for erosion control, included a proper irrigation system for the infield, adding grass to also assist with erosion control - all for $42,000 Less.
Thank you,
Chris

ITEM #13: Discussion and take possible action regarding property tax abatement for 139 Maple Street.

ITEM #15: Discussion and take possible action on Covanta Amendment.

Town Counsel, Richard Buturla, stated Seymour is a part of the Bristol Waste Recovery Project. Seymour is one of 14 municipalities that contracted with Covanta Bristol for the purpose of waste disposal and recycling services. Seymour has a long term contract with Covanta that has as actual tonnage requirement for all 14 municipalities. At the time the tonnage requirement was set, it appears they had underestimated the amount of commercial waste that would be generated. There is a danger that at a certain point, as early as, May or June of this year, that all 14 municipalities will reach the cap on residential waste which would then allow Covanta to increase the tipping fees or reject waste all together. All 14 municipalities banded together and retained the Law Firm Hinkley Allen which entered into negotiations with Covanta which resulted in the proposed amendment. The purpose of this was to eliminate the cap on volumes of residential waste for the remainder of the agreement, expand the definition of residential waste, and add adjustments to the minimum recycling. A variety of municipalities have already approved this particular second amendment.

Kurt read the resolution as follows:

WHEREAS, in December 2012, Seymour and thirteen other municipalities collectively contracted with Covanta Bristol, Inc. (“Covanta”) for waste disposal and recycling; and WHEREAS, in order to preserve capacity for contracted residential waste, the collective municipalities entered into negotiations with Covanta that resulted in a proposed Second Amendment to the Municipal Solid Waste and Recycling Services Agreement (the “Amendment”); and

WHEREAS, the Amendment benefits the municipalities by eliminating the cap on volumes of residential waste, expands the definition of residential waste and makes adjustments to the minimum commitment for increased recycling, NOW THEREFORE, BE IT RESOLVED that the Town of Seymour acting by and through W. Kurt Miller, its First Selectman, is hereby authorized to enter into the Amendment and to execute such documents as are necessary.

Motion to accept resolution as presented.

Motion: Stephan Behuniak  Second: Al Bruno
Kurt inquired about a minimum commitment for residential waste. Town Counsel will get back to him.

ITEM #16: Discussion regarding potential changes to ordinances

a. Justice of the Peace

Kurt read the following letter from the town clerk:

We would like to request that the Board of Selectmen and the Ordinance Committee review section 2-191 in the Code of Ordinances, which limits the number of Justices of the Peace.

We would like it edited from its present number of 20, to 36 due to an increased number of applicants. In speaking with other local communities, we realized that comparable towns have larger limits.

Thank You,
Susan DeBarber
Elizabeth Conrad

Motion to move the request of the Town Clerk’s to increase the number of Justice of the Peace Ordinance forward to the Ordinance Committee.

Motion: Al Bruno Second: Karen Stanek

Town Counsel, Richard Buturla, would like to research this more. He stated there are a variety of State Statutes that pertain to appointments of Justice of the Peace.

Rory Burke stated currently there is a lottery system to see who will get the extra justice of the peace available slots.

Town Counsel stated there are more people than spots then they divide it by the major parties. One party wins or one party loses the lottery.

b. Strategic Planning Committee

Kurt read the following letter:

Board of Selectmen:

The Strategic Planning Committee would like to request that you modify the ordinance that was approved in 2014 to establish the Committee. That ordinance reads:

On a quarterly basis, the Commission shall, at a minimum, meet with the First Selectman, Finance Director and the Director of Operations for the purpose of discussing the implementation of the Strategic Plan and measuring the progress, if any, achieved.

We are requesting that you change "quarterly" to "semiannually" and "meet with the First Selectman, Finance Director and the Director of Operations" to "meet with the First Selectman and the staff he or she deems necessary."

In the more than 2 years we have been working on the plan, it has become apparent that not enough progress can be made in a span of 3 months to warrant quarterly updates and that attempting to do so has slowed our progress towards finishing the inaugural draft of the plan. Further, we have found that The First Selectman has been able to provide the update without assistance so we would prefer to leave the presence of staff to his discretion and not unnecessarily require the presence of staff after normal working hours.

Please let me know if you have any questions.

Thank you, Rory Burke

Nicole Klarides-Ditria stated the board has talked tirelessly about the proactive road plan. Every year they will be taking care of the roads. She stated Kurt has done a great job informing the board of the progress of the road program.
