In the last couple of years, there has been talk of a Capstone Project being a requirement of graduation by the state, but has continually been pushed back. Currently the projected date is 2022. 2. Board Member Comments
   Mr. Garofolo thanked Mrs. Syriac for taking several BOE members on a tour of all of the schools. He said it was a fantastic experience saying he saw great interest and talent among the students and he commended the work of the administration and the teachers. Mr. Strumello commented that he too was on the tour and was very impressed with the work also. He wondered if we had any indication from the State regarding ECS cuts. Mr. Putorti said he has had conversations with Mr. Miller regarding the state cuts and he said he has been assured that the Board of Education will not stand alone with regard to the cuts. Mr. Stanek shared a story from one of his clients about what a wonderful system Seymour is. He wanted to pass on this positive input. Mr. Hatfield said he also was on the tour and was very impressed and said he would love to see the videos students were working on. He commended Ms. Harmeling on her budget presentations but wondered if maybe next year it could be shared with the Board of Education ahead of time. He also said he would like to see the feedback from those who attended the budget presentations. Ms. Harmeling indicated the budget presentation has been up on the district website for several months. Mr. Hatfield said he would like to see all retiring staff, not just teachers, receive a letter from the Board of Education members.

Mr. Chris Adamo explained that these two men has contributed greatly to the softball program at Seymour High School and the committee thought this was a unique way of honoring both of them. There was a lengthy discussion on whether to act on this request now or send it to the Facilities Committee as the policy indicates. Mr. Putorti, Mr. Strumello and Mr. Hatfield felt it should go to the Facilities Committee. Ms. Harmeling felt it should be acted on now so that the current seniors would be able to play in the named facility. Mr. Adamo said the committee would be happy with knowing it was approved even if the signage could not be obtained in time for the ceremony on May 21. Mr. Stanek suggested expediting a meeting of the Facilities Committee and a Special BOE meeting to act on the Facilities Committee recommendation.
