Item #6 – Consider and act upon a resolution recommending an appropriation and the authorization of borrowing for costs with respect to the 2017 Town Roadway and Drainage Reconstructions, Replacements and Improvements Program
RESOLVED, that the Board of Finance recommends that the Town of Seymour appropriate $4,500,000, and authorize the issue of bonds or notes and temporary notes in the same amount to finance said appropriation, for costs with respect to all or a portion, as to be determined by the Board of Selectmen, of the various Town roadway and drainage reconstructions, replacements and improvements described for the 2017 year in Figure 1 of the report entitled “Town of Seymour Roadway Conditions & Recommendations Report,” dated July 18, 2016 and prepared by B&B Engineering, a copy of which report is on file in the office of the Seymour Town Clerk; and for costs related to the financing thereof. To the extent of available funds, the Board of Selectmen may determine to include within the project additional roadway and drainage reconstructions, replacements and improvements substantially as
described in the Report. The project may include related improvements and amenities including but not limited to vertical alignment, drainage work including culvert and catch basin installation and replacement, intersection improvements, installation and improvement of utilities, sidewalks, guardrails, and curbing, and rebuilding retaining walls, and related land or easement acquisition, if any. The appropriation may be spent for design, construction, acquisition and installation costs, related equipment, materials, consultant and engineering fees, legal fees, net interest on borrowings and other financing costs, and other expenses related to the project and its financing. The Board of Selectmen shall be authorized to determine the scope and particulars of the project, and to reduce or modify the project, and the entire appropriation may be expended on the project as so reduced or modified.

Transfer needed from last year’s Public Works Budget surplus to obtain equipment that will both improve workplace safety and also increase departmental efficiency with no impact to the taxpayer. These transfers will bring equipment levels in line with present staffing needs and workload and replace aging equipment. Some of the requested equipment will also allow the department to undertake work previously contracted out and includes equipment that is usually rented. More detail was included with transfer request.
