III. DISCUSSION AND POSSIBLE ACTION
A. Information and Recommended Action
1. Financial Management Summary ending February 28, 2017
Ms. Magri asked Mr. Belden to review the Financial Management Summary. Mr. Belden reported that the ADP Payroll Implementation is complete and the HR Module is being implemented ahead of schedule. Ms. Magri asked what the HR Module entailed and Mr. Belden explained that it will make all of the information in the ADP system assessable to the business office and to new hires. In the future if we want to pay for it, we will be able to replace Applicant Tracking with the ADP system. He explained that we are totally online, paychecks and W-2 forms are accessible to our staff through the ADP portal. Mr. Belden did a brief overview of the line items saying we continue to monitor them but we are in pretty good shape and are on budget for year end. We continue to monitor the substitute line item to see what the impact of the salary increase will be. He reported that we have received the first Excess Cost grant payment.
