ITEM #5: First Selectman’s Report.
• The last indication I received with the Governor’s Budget was that that Town of Seymour will receive cut of about $3,000,000. Many of the cuts that the Governor is proposing comes to grants and aide that does not come to us right away. The biggest one is the ECS. The ECS payments come in October, January and April. The speaker of the house stated they will be voting on the budget on July 18th. The other places we could potentially receive cuts are as follows:
  o Excess cost student based grant that goes directly to the Board of Education. We received approximately $600,000 last year. (paid in February and May)
  o LOCIP money which gets paid out in March - $115,000
  o Pequot Mohegan Fund: Gets paid in January, April and June.
  o Town Road Aide: $300,000 that is paid in July and January. We could have a shortfall of $150,000.00 in that account.
• As of Monday, I froze spending in the Town of Seymour both municipal and Board of Education.
• State Statute states that on July 1, 2017 the mill rate on cars is to drop to 32 mills from 37 statewide. Seymour’s mill rate is 36 and the tax bills went out with the mill rate of 36. If for some reason a budget is passed at 32 mills, at that point we will need to do a reimbursement to residents.

ITEM #6: Discussion with Safety Committee.
Alex Danka, Chairman of Town Safety Committee, gave a brief explanation of what the committee does. They help with safety guidelines for town employees. They meet monthly. He discussed the workman’s comp claims for this year and how they have decreased over the past three years.

The Committee sent four town employees to an OSHA class and will be sending a couple more this year. The class is free through PMA. The committee held a department head training to make sure incident reports are filled out with consistency. The committee went through all town buildings to look at safety issues. They will be walking through the EMS and fire departments.

They plan to start an accident investigation process this year. In talks with PMA, they are going to design a fit for duty test for people who go out on workman’s comp. PMA suggested creating a list of network doctors. He discussed options for improvement with regard to safety in various town buildings. They would like to implement having a driver’s license on file for employees of the Town of Seymour.

Annmarie was impressed to see more people attending OSHA training. She thinks it’s great that root-cause analysis will be implemented. She suggested implementing a Fleet Management Safety Program.

Al asked about the procedure for someone wants to come back to work after being on workman’s comp.

Alex replied that PMA conducts a program for people who have been out for 3-4 months.

ITEM #7: Discussion and take possible action potential hiring of Recreation Program Manager.
Kurt stated that the current Recreation Program Manager is Part Time. In the fiscal year 2018 budget, the position will be increased to Full Time. He stated that by union contract, the position had to be posted internally for 10 days. The person who is the current Recreation Program Manager applied for the Full Time position and it is Kurt’s recommendation to change the status of Zach Philippas to Full Time effective July 10th.

Motion that the Town of Seymour changes the status of Zach Philippas from Part Time Recreation Program Manager to Full Time Recreation Program Manager effective July 10th.

ITEM #10: Discussion and take possible action regarding capital plan.
Kurt stated he was holding off on presenting the capital plan until there was a state budget in place. As it stands, if there are no issues with the state budget, this is the capital plan he will be presenting. He discussed the following:
- Road reconstruction, Building Repair Fund, Mill Rate Stabilization Fund: Determined each year by the Board of Finance. They are slowly increasing road reconstruction and building account over time. In the meantime, they are slowly bringing down Mill Rate Stabilization Fund.

ITEM #11: Discussion and take possible action regarding 2017-18 WPCA Budget.
Kurt stated that by Charter the WPCA is required to present their budget to the Board of Selectmen for their April 1st meeting of the year preceding the budget going into effect. The selectmen are supposed to take action on that budget at the first meeting in May. The depreciation is classified as $738,000 to be put aside for capital purchases. The board discussed accepting/denying the WPCA budget and its tardiness.

Annmarie doesn’t foresee this being an annual issue. There was a Rate Committee that should have met to set up the budget, but they never followed through.

Town Counsel, Richard Buturla, stated that by Charter, the duties are not defined. He will write a letter to the WPCA’s Attorney, Ramon Sous, reminding him of these dates in the Charter.

Discussion ensued with regard to the WPCA Charter.

Richard Buturla stated that this is a common issue with municipalities and the WPCA.
