Motion Carried: 3-0.

MOTION: T. Connors/B. Koskelowski to add to the agenda Executive Session appeal of denial Great Oak Condominiums.
Motion Carried: 3-0.

Minutes Regular Meeting September 25, 2017.

MOTION: T. Connors/B. Koskelowski to approve the minutes of the September 25, 2017 regular meeting
Motion Carried: 3-0.

Dredging, Legion Pool, 13 Chatfield Street.

Alex Danka stated that over the last 15 years the pool has been dredged three or four times. He stated that this time it will not be a full dredging of the pond just certain areas that are getting cleaned up. He stated that they would like to get this done so that they can have fishing rodeos. Mr. Nesteriak presented a report and stated that if this work is done diligently there will be minimal impact. He did recommend that conditions be added to the approval. Mr. Danka also requested that the fees be waived.
MOTION: B. Koskelowsli/T. Connors to approve the dredging of Legion Pool, subject to the following conditions:

1. A pre-construction meeting shall be scheduled and coordinated with the contractor, town engineer, and wetland enforcement officer prior to the commencement of any excavation activities. Notice of the meeting shall be coordinated at least 1 week prior to the anticipated start date. The work shall be scheduled within a forecasted dry weather period.

2. Once excavation begins, it will continue as quickly and safely as possible. It is understood that all excavation should be complete within 1-week, spoils shall dry for 1-week and then the removal shall occur over a 3-day period.

3. Silt fence and haybales shall be installed around all areas of excavation and stockpile areas prior to commencement of any excavation. Removal of either will not occur until directed by the town engineer or wetlands enforcement officer.

4. At least 2 hay wattles shall be installed within 50 feet of the existing spillway. Removal will not occur until directed by the town engineer or wetlands enforcement officer.

5. At no time shall the excavation take place any closer than 10 feet from the natural flow of Bladen's Brook.

6. Steps taken to control sedimentation, erosion and downstream siltation shall include but need not be limited to:

   (a) All activities for the prevention of erosion, such as silt fences and hay bales shall be under the direct supervision of the site contractor who shall employ the best management practices. Erosion controls are to be inspected by the applicant or agent weekly and after rains and all deficiencies must be remediated within twenty-four hours of finding them.

   (b) The stabilization of all disturbed earth surfaces with a suitable ground cover and/or spread hay mulch during and following construction activities.

   (c) The installation of a temporary erosion control fence or other suitable erosion control measure as indicated on the permit map or as required by commission member. This erosion control measure will be installed prior to the start of construction activities. Its location will be reviewed and approved in the field by commission staff.

   (d) The placement of additional erosion controls are reviewed and approved by commission staff prior to commencement of clearing and construction activities.

   (e) This permit shall not be assigned or transferred by the permittee to any other party without the written consent of the Seymour Inland Wetlands Commission.
(f) This permit may be revoked or suspended if the permittee
Exceeds the conditions or limitations of this permit, or has
Secured this permit through deception or inaccurate
information.
7. This permit does not obviate the permittee's obligation to
obey all other applicable federal, state and local laws or to
obtain any applicable federal, state and local permits.
8. The permittee shall immediately inform the town engineer
and wetlands enforcement officer of problems involving
sedimentation, erosion, downstream siltation, or any other
adverse impacts which develop in the course of, or are
caused by, the work herein authorized.
9. Any material, man-made or natural, which is in anyway
disturbed and/or utilized during work authorized herein, shall
be removed from the site.
10. Excavation will occur to ledge, gravel or sandy material,
assuming the depth is within reason. If a non-organic material
is not encountered, then all areas will be covered with a layer
of straw hay to protect it for final stabilization.
Motion Carried: 4-0.

MOTION: B. Koskelowski/T. Connors to waive fees for the
Permit.
Motion Carried: 4-0.

Revised Site Plan, Lot 26, Meadow Woods Section One.

Robert Rich, 9 North Benham Road, Seymour stated that this lot is the second largest in
the subdivision, 1.60 acres of which 1.33 acres is non-wetlands. He stated that the 50
foot upland review area is .23 of an acre or 98000 s.f.; and the 100 foot upland review
area of disturbance is .7 of an acre or 30700 s.f. He stated that when the subdivision
was originally approved this lot was approved to build 18 feet from the wetlands. He
has been able to move the house back and it will now be 27 feet from the wetlands.
There will be a net gain of wetlands in this subdivision. He was able to reclaim wetland
areas that were filled in by the previous owner. There will be 12850 s.f. more wetlands
now. He stated that he is requesting waiver of the stormwater management plan since
there is an approved drainage plan from 1993. The septic tank testing was the same as
before and it will be located in the same place.

Mr. Wetowitz stated that the Commission will need to determine if this is a significant
impact. Mr. Nesteriak stated that he looked at it briefly and did not feel that it was
significant.

MOTION: M. Flynn/B. Koskelowski to accept the application.
Motion Carried: 4-0.
Mr. Koskelowski stated that he did not feel that this was significant; it is a single family home. Mr. Flynn agreed that it was not significant.

MOTION: M. Flynn/B. Koskelowski to refer to the Town Engineer for review and comment for the next meeting.
Motion Carried: 4-0.

Enforcement Officer’s Report, Discussion and possible action.

Mr. Wetowitz stated that reports were received from Mr. Marganski and also from Mr. Pacht.

Charter Revision Commission Letter

Mr. Wetowitz stated that the Charter Revision Commission is looking for input from the commission by December 1st. Mr. Flynn stated that the First Selectman would like to have all boards and commissions reduced to five members and two alternates. The members discussed this and felt that a two year term for alternate members would be appropriate.

MOTON: T. Connors/B. Koskelowski to go out of order on the agenda and hear public comment.
Motion Carried: 4-0.

Public Comment

There was no one from the public wishing to speak.

MOTION: B. Koskelowski/M. Flynn to go into Executive Session at 7:30 p.m. to discuss the Great Oak appeal and have Atty. Marino and Mr. Marganski attend.
Motion Carried: 4-0.

The Commission came out of Executive Session and the regular meeting resumed at 7:45 p.m.

MOTION: M. Flynn/T. Connors to adjourn the meeting.
Motion Carried: 4-0.

The meeting was adjourned at 7:46 p.m.

Respectfully submitted: 
Maryanne DeTullio
