C. Update on the Effectiveness of the Kinesthetic Equipment at Bungay School – Mrs. Mary Sue Feige
   Ms. Feige, Ms. Reid, and Ms. Proto gave the Board an update on how the Kinesthetic Equipment at Bungay School by
   letting members of the Board try it. There were under desk pedals, wobble stool, and a big ball for sitting on to name a
   few. The equipment was purchased under two grants from the Matheis Foundation and the VITHALS program. They
   were able to purchase 81 pieces of equipment for use by 85 students. Many of the pieces of equipment are moveable
   although some of the larger pieces are installed. They have found that K-2 students enjoy the wobble stools while the
   older kids seems to enjoy the pedals. This equipment helps the kids to get the “wiggles” out. Mrs. Feige included
   comments from the students in her presentation. Parents and teachers are tracking data on behavior and attendance.
   Mr. Strumello asked if the standing desk was expensive and Ms. Reid confirmed that it was. Ms. Feige said she sees
   the students being more engaged. The Board thanked Ms. Feige, Ms. Reid and Ms. Proto for the update.

D. Update on Professional Learning in Seymour – Mrs. Vonda Tencza
   Mrs. Tencza wanted to do a brief overview of the information she had sent to the Board regarding Professional Learning
   in Seymour. She said the information shared with the Board will also be used by the Professional Development
   Committee. She said she looks at the information through two lenses, one as an educator and one as a parent. She
   said Seymour has district directed days and teacher determined days. There is also out of district PD where we send
   teachers to workshops on topics we are not able to provide in house. We have imbedded professional learning, which
   is when the district brings in someone to work with teachers on an ongoing basis. She spoke of one $10,000 grant that
   the district was able to secure and was used to bring in a consultant to work with the middle school teachers on Science
   curriculum. Mr. Strumello asked about professional development for related services. Ms. Hamad confirmed that they
   received appropriate professional development through a year-long set of offerings on a variety of related services
   topics from Lorrie McFarland of BH Care. Ms. Harmeling thanked Mrs. Tencza for this presentation saying she felt it
   was important for the Board as well as the public to know that our teachers are continuously learning. Ms. Magri agreed.

E. Board of Education Report
   1. Chairman’s Comments
      Ms. Magri had the pleasure of participating in two events recently. She was honored to serve as a judge for the
      VITHALS Healthy Cooking contest. She said she was very impressed with culinary skills of our students
      and wished that she could cook that well! She also participated in the Small Keys to Big Doors lesson with
      Jen Monaco’s Public Speaking class. Ms. Monaco brought in outside professionals to work on real-world
      interviewing skills with her students. It was a great morning and very well received by the students. She did a
      great job expanding her lesson beyond the traditional classroom. Ms. Magri reminded everyone that the first
      (and hopefully the only) budget referendum will be held on May 10 from 8:00 am – 8:00 pm at the Community
      Center. The budget that the Board of Education presented was accepted by the Board of Finance and moved
      forward to a referendum. She said it is a very responsible budget and it is her hope that the taxpayers will
      support it. Ms. Magri informed the Board that Teacher Contract negotiations will begin this summer. She asked
      them to please take some time to review the current contract and provide her with items for consideration that
      they would like to see possibly addressed. There is a state mandated timeline that must be followed for these
      negotiations. They must commence by July 6 and mediation will follow by August 25 if there is no agreement
      and the arbitration date of September 19 if we do not agree during mediation. We have not progressed past
      the mediation step in the prior two agreements that she has participated in so she is hopeful that things will
      follow that path again.
