Item #1: Call meeting to order
The meeting was called to order at 7:31 PM.

Item #2: Pledge of Allegiance
All present stood and recited the Pledge of Allegiance.

Item #3: Public comment
There was no public comment.

Item #4: Ongoing projects
The community garden held its ribbon cutting ceremony on May 5th. Circuit Breaker Sales NE, a local business, will maintain the area as an adopt a spot. The Boys & Girls Club has started a gardening club and may use the garden in the future.

The streetlight conversion to LED lights began in May. Crews have been converting up to 60 per day, much higher than the anticipated 25 per day. Road that will require police for traffic and safety will be done last. $157k in rebates from EverSource, which had initially gone away, are now back. That money will be used to decrease the term duration for the loan with EverSource.

The $10,000 Bright Ideas Grant money is available for spending towards sustainable activities and products. Home audits are no longer available through EverSource and would now be the responsibility of the town. A light bulb swap is still anticipated to use approximately $1,000. The bulb swap event will also be used as advertising for the committee. An action was taken to look into prices of printed recyclable bags.

Remaining budget will be used to distribute a town-wide flyer to act as a refresher for sustainable practices to educate the public on ways to be more sustainable. Additionally, it was discussed that money could be used to expand the number of plots at the community garden. Added plots could be rented out to single use owners.

Sustainable CT is a program designed to engage towns to become more sustainable by achieving tasks and gaining statuses. A town-wide mailer could be used to check off several boxes on the Sustainable CT's list of sustainable actions. Some actions are above the committee's authority and are not practical for Seymour. The committee took an action to work with the Arts and Culture Commission to work on a list of cultural sites in Seymour. At the next Sustainable CT meeting, Seymour will officially sign the pledge.
