B. Bid Acceptance – Propane Gas  
On May 23rd, 2019 we received bids for propane gas which is used to power the buses. There were three bids:  
- Hocom Gas bid $0.935 for one year fixed price and $0.935 for two years fixed price  
- East River Energy bid $0.9523 for one year fixed price and $1.0523 for two years fixed price  
- Santa-Buckley bid $0.8450 for one year fixed price and $0.874 for two years fixed price  
In all three cases the bids had to be accepted within 24 hours to 2 days. Therefore, under BOE Policy 33-20, the Business Manager, Superintendent, and the Chair of the BOE decided to accept the two year bid from Santa Buckley of Bridgeport. As background, we paid $0.99 per gallon on this year’s contract and are presently paying between $1.21 -1.24 per gallon on a price at time of delivery’ basis. Based on an anticipated use of 80,000 gallons per year, the savings this year and next year over the present contract price will amount to $9,280 per year.  
Mr. Stanek questioned the need to ratify this bid if it had already been approved. Ms. Magri said she was not sure but felt it would not hurt to do so. Mr. Hatfield asked why there was a 24 hour limit on the bids and Mr. Wilson explained it was market uncertainty and we would realize significant savings if we locked in within the 24 hour time period.  
**MOTION:** (Dr. Hendricks/sec., Mr. Champagne) to award RFP # 19-01 Propane gas for transportation to Santa-Buckley Energy Inc. 154 Admiral Street Bridgeport, CT 06605 in an amount not to exceed $102,750 in order to provide bussing fuel for school transportation

D. Special Education Report – Dr. Kris Boyle

1. Update on Bungay Classroom

   Dr. Boyle reported that the Reach Classroom had a successful first year. A total of eight students were enrolled. One student was included, two students were included 90% of the time, five students were 100% in the classroom and their behavior is improving. Dr. Boyle said 6-7 students will begin in the Reach Classroom next year assuming no new students move into the district.

2. Use of Paras by Grade Level/Building

   Dr. Boyle recently finished PPTs and is in contact with the schools regarding the use of paraprofessionals in the schools. He does not anticipate a reduction in the number of paraprofessionals used at each school.
3. Number of Identified Students who Entered the district in the 2018-19 school year
85 students were new to the district. 37 moved into the district (4 of which were outplaced),
11 are coming from the birth to three program. 55% were anticipated.

4. Outplacement Projection for the 2019-20 school year
Three students are aging out. 25-26 may be placed and he said he would try to send them
to programs where we already have students attending which will save on transportation
costs. Ms. Harmeling asked about any resources that might be available to Board
Members to understand what a 1-1 paraprofessional does. She said it was hard to envision
what the para does particularly at the secondary level. Dr. Boyle said he would do some
research to see what is available.

E. Spring Assessment Report – Mrs. Vonda Tencza
Mrs. Tencza did a quick recap of the spring assessment report of Spring 2019 MAP Assessment
Results. She said that overall she is pleased with the results but there are concerns with 6th grade
math, 7th grade math and 7th grade reading. She said she has not had enough time to discuss
this with Administrators. She thought the dip in grade 2 might be a curricular issue but she needs
to look into it further. Curriculum areas will be examined for grade 2 since one elementary school
made expected growth and one didn’t. Ms. Tencza said she has talked to a lot of people regarding
the 6th grade math. 5th grade last spring was exceptionally high. This year in grade 6 they did
progress but never made it back to the level they were at last spring. It is concerning and grade
7 ELA and Math lack of growth and performance is worrisome. Dr. Hendricks asked if other things
were going on like changing classes. Ms. Harmeling said she recalled when the new schedule
was being discussed, math teachers saying they could not afford to not see the students one day
a week; could the new schedule be at fault? Mr. Hatfield wondered if we should make changes
now for next year. Mrs. Tencza said Mrs. Hamad has ideas on areas to look deeper but things
need to be much more thoroughly examined this summer and we need to include our new middle
school administration. In grade 7 it is not just a math issue, it is ELA as well. Mr. Stanek said it
sounded like something wasn’t working. Mrs. Tencza said we have seen some growth in grade 6
and we always see some regression in 6th grade. She said she is not ready to say the new
Illustrative Mathematics resources are not working. Mr. Singh asked if the 5th and 6th grade
curriculum overlaps. Mrs. Tencza said the test is a little different but the curriculum is connected.
Mr. Singh suggested survey the students to find out their ideas and what has changed between
grade 5 and 6. Mr. Strumello asked if we are doing things differently than our neighboring schools
and the schools in our DRG. Mrs. Tencza said this was a good question.

F. Facilities – Update on Planned Summer Work – Mr. Tim Connors
Mr. Connors reported that the standard summer items that will be happening at the schools
include stripping the floors, painting walls, and general maintenance items. He said they are
working very hard to limit the use of outside contractors and are trying to do most projects by
themselves. He said the back door at CLS has been repaired. The Johnson Control project is
continuing. The roof at Bungay School will be replaced as part of the Johnson Control Project,
there will be no impact to the budget. Mr. Connors said overtime continues to be an issue. He
said he has put a list of projects in each school that custodians who come in for events can work
on while the event is going on. Mr. Strumello voiced some safety concerns regarding the softball
field at the high school and Ms. Harmeling asked if we can do something about the broken goal
post on the field at CLS. Mr. Champagne questioned the condition of the tree line at CLS. Mr.
Connors reminded the Board that they can email him any time with any concerns they may have.

G. Vaping – Appropriateness of Alternative Discipline
https://www.wtnh.com/news/politics/discipline-or-treatment-schools-rethinking-vaping-
response/2028819910
Ms. Magri wanted to point out to the Board that there is talk regarding the appropriateness of
alternative discipline when it comes to Vaping. Many are treating it as an addiction. Dr. Hendricks
was concerned that we may be sending mixed messages if we lower or change our restrictions
on discipline for Vaping. Mr. Freund said he is in favor of increasing the consequences and
providing instructional education programs to learn about the impact on their health.
Miss Sirowich suggested doing more education at the middle school level where kids may be more responsive to education on the health impacts. She feels the lesson cannot be taught in high school; it's too late.

H. Board of Education Report
1. Chairman’s Comments
   Ms. Magri attended the Bungay Playground dedication. It was unfortunate that the weather did not cooperate but the students will enjoy the playground for many years. Thanks to the town for the cooperation and support in getting it done. She also attended the Awards Night at the high school, the NHS Induction Ceremony and the HALO Awards honoring the student theatrical productions. It is a wonderful evening honoring our drama students at the Palace Theatre in Waterbury. Ms. Magri said the Art Show this evening was fantastic. She also reminded the Board about the following:
   - Graduation at 6 pm with Distinguished Alumnus Reception at 5 pm
   - Middle School at 10 am
   - Administrators Contract Negotiations will take place this summer. Review the contract and provide comments to me by next meeting.
   - July meeting will include discussion on the Legislative Session and impact to school district as well as the Superintendent evaluation
   - Thursday is a teacher grievance meeting that will be held in Executive Session

In addition to the high school student’s report a late entry from today - Congratulations to Patti Jurkowski who placed 3rd in the 100m hurdles at the Class M State Open which qualifies her for Nationals! Sukhman Singh saved the day when a spider showed up at the meeting, he was able to scoop it up and remove it from the room which was a relief to many!

2. Board Member Comments
   Mr. Stanek reported that he participated in the Mass Casualty drill and he thanked the participants. He thought it was a very worthwhile exercise and would like to have Mr. Kearns report to the Board. Mr. Strumello said he felt the Administrators Union does not have the right to negotiate the Dean of Students position as only the Board can create or eliminate positions. Mr. Hatfield asked to be notified if the meeting scheduled for Thursday is settled prior to the start of the meeting, he said his time was wasted at the last grievance hearing when it had been settled before the meeting started. Mr. Hatfield said he did not get any notification regarding the transfer of the social workers at the middle school and high school. Ms. Harmeling said a little heads up would have been good. Ms. Magri said she was a little confused by the job postings for counselors. Mr. Wilson explained it was to make part time positions full time positions. It was noted that we are still searching for a head coach for the girls soccer team. Mr. Wilson said we will post the drama advisor position at the beginning of the school year and Ms. Harmeling wondered why wait?

I. Superintendent Report
1. Hiring Update
   Mr. Wilson thanked Sukhman Singh for his time spent as a student representative. He said it has been a pleasure working with him and Ashley Sirowich this year. He wished Sukhman well and told Ashley he is looking forward to working with her next year.
   1. Teachers, Custodians, Paraprofessionals, and Fall Coaches
      All retirees’ positions have been posted and interviews are progressing. Fall coaches are hired with the exception of the two that were removed for certification issues. Paraprofessional and custodian positions have been posted.
   2. Lack of Internal Candidates for Administrative Positions
      Mr. Wilson said he thought promotions from within is a good thing and he supports our administrators.

2. Budget Update – Impact on Staffing and Programs
   The only position that was talked about and will not be going to full time is the music teacher at the high school. This is because the enrollment in the music classes did not support it.
3. Technology Update – Installation and Adoption of Interactive TVs across the District
Mr. Wilson shared an update on the installation of the TV's from Mr. Dyer. He said the one that was installed at Central Office is really cool and there are a lot of features that will be good to use. He informed the Board that Rob and his wife just had their third child and he is at home tonight but he was able to fix the problem we were having with the internet from home.
