Proposed Section 18 text change.

Atty. Dominick Thomas, 315 Main Street, Derby stated that the zone text changes pertain to the R-40 Zone. This will permit unique uses on a larger parcel. It will also address alternate uses type of housing that is in more suburban areas with lower density and preservation of land. The purpose is to allow this on large parcels (20 acres) and gives the Commission the ability to address concerns. He stated that he is looking at specific sites that a client is interested in. It will increase density. J. Brennan asked how many can be three bedrooms and also handicap accessible. Atty. Thomas stated that only up to 10% of the units proposed are to be handicap accessible. J. Brennan asked about open space and who determines what is necessary. Atty. Thomas stated that the determination is made as to where it located.

Julie Nintzel, 50 Briarwood asked about the 2.5 buildings per acre. Atty. Thomas stated that it would be 2.5 units per acre based on the 20 acres. The building may have one to four units. He stated that they looked at parcels in the R-40 Zone. C. Bowen asked how open space is defined and if the open space would be owned by the Town. Atty. Thomas stated that it would be deeded to the Town; the Land Trust or by conservation easement. B. Nesteriak stated that there is nothing in the draft regulation regarding parking and setbacks. Atty. Thomas stated that would be left up to the discretion of the Commission. B. Nesteriak stated that it is a very restrictive regulation. J. Brennan asked about parking and open space and J. Baldwin stated that there are standards now.
