**Item #6: Discussion with Representatives from Oak Ridge Refuse**

Jodi Dresher and Erik Hufnagal from Oak Ridge Refuse were in attendance.

Annmarie Drugonis made general comments about issues with Oak Ridge. She mentioned crushed trash cans, trash on the roads, drivers not being responsible, trash coming out of the back of trucks, streets being missed, people complaining about a lack of timely pickup, and dumping at the transfer station without a “roll off”. The contract with Oak Ridge Refuse is for curbside and recycling pickup. Mr. Hufnagal discussed the experience of his driver and addressing these concerns. Mr. Bruno commented on recycling left on his road that he had to pick up on Saturday. The driver needs to be more careful with picking up the recycling. Ms. Dresher and Mr. Hufnagal acknowledged the complaints and said they will be addressed. Mr. DePrimo expressed that no extra material may be dumped at the transfer station. The driver needs to bring an empty trailer when picking up in Seymour. The town takes pride in being clean. Mr. Hufnagal stated that new trucks have been purchased and that a new fleet will be in place soon.

**Item #7: Discussion on Parks and Schools**

The department is preparing for the Pumpkin Festival at French Park. The schools are clean and ready for the start of the school year.

**Item #8: Transfers**

No transfers
**Item #9: Financial Update**

The new fiscal year has just begun. There is nothing for the department to report yet.

**Item #10: Vehicle Update**

It would be beneficial for the department to have a new pickup truck. This would allow them to get rid of old ones. Replaced trucks would have to be put out to bid.

**Item #11: Transfer Station Update**

Annmarie Drugonis requested a notice about Bulk Pickup on social media or the town website. A notice about brown bag leaf pickup would also be beneficial in the coming season.

**Item #12: Work Update/Director’s Report**

*See attached report

**Item #13: Other Business**

Al Bruno commented on the trees and having Eversource trim around power lines. Additionally, he inquired about who owns the dead elm tree on Canfield drive.

**Item #14: Public Comment**

Mr. Hallman brought up trees that are dead on Day Street that may eventually fall on the power lines.

**Item #15: Adjournment**

Bill Stowe made a motion to adjourn at 7:55 PM
