

Minutes
Bath Bicycle and Pedestrian Committee
Wednesday, August 22, 2018

1. Please let me know which e-mail is the best. I'm sending to all, but that's probably just a little annoying.

2. Minutes from earlier this week:

Attendees:

Kevin Shute

John Swenson

Ben Averill

Travis Wolfe

Robert McChesney

Lee Leiner

Carl Zeiss

Anne Dunham

1. Review of minutes of July, accepted.
2. *Letter of appreciation from committee (Kevin / Robert) for departing planner Andrew Deci*
3. Newsletter - electronic or otherwise. If electronic how? Facebook, blogs, email, hard copy, City of Bath website, could maybe be modeled on KELT newsletter. Could send via email and also do PDF. *ACTION - create PDF. R McChesney to provide photo for Mark Wheeler. Consider doing semiannually. Ben Averill file / Robert McChesney file for BCOM sticker. Include link to BCOM.*
4. Transportation committee report. Increase to parking along commercial street - Kennebec tavern to entrance to condos. Narrows width. Suggested putting sharrows along Commercial street. Concurrence from committee to sharrows; parking spaces require ordinance.
5. Lime bikes - how does this work? Possibility of collaboration with Brunswick.
6. High street bridge replacement - meeting with MDOT. Deck to be replaced. Discussion of closure, no discussion about repair of sidewalks. Possibility of continuing 10 foot travel lane from south on high street. 2020 anticipated execution.
7. Preliminary design reports - City gets report, subsequent review at City meeting. Currently two DoT projects being considered - high street bridge and route 1 on and off ramps on south side / north bound direction.
8. North street, contractor to begin 4 September.
9. L. Leiner - Sidewalks - prospect park project. Developer considering costs. Expecting some determination by end of August. 6 lots subdivision. Marshall to Getchell sidewalk - difficulties in coming to consensus with homeowner on design. Without sidewalk, what is alternative. Prior curve was asphalt. Improvement not feasible this year.
10. Request for new crosswalk at Wing Farm Parkway. Ordinance has list of 17 crosswalks, actual count about 250. Looking to put near Gagne Foods. Sidewalk on east side of wing farm parkway. Inferred crosswalk note in City ordinance at intersection. *Highlights need for crosswalk process and consideration.*
11. Sidewalk maps provided, two, Anne has custody.
12. Community involvement day 6 October, looking for volunteers.
13. *Ben Averill to add bike / ped meeting information to City calendar.*

14. CZeiss notes inputs from downtown tomorrow on Main Street Bath item.
