Public Works Chairman's Report

- Plans are in the works to repair the storm damage at Chatfield Park so the park will be open in the spring. Wood chips will be needed for the playground and pavilion and clay will be put on the infield areas.
- Guard rails will be installed at French park.
- Skate park location still undecided
- With clay presently stockpiled, it might be prudent to put the clay on baseball & softball fields now as long as the fields are snow free.
- Chemical spray is available which will keep the geese off fields, especially the community center and Sochrin's Pond Park.

Parks Chairman's Report

- As stated earlier, Chatfield Park will be open in the spring
- Bathrooms at Gary Park and Matthies Field may be used this year if we can get timed locks and hire a janitorial service
- Preliminary budget was presented, discussed, and adjusted.
