60 Kathy Drive/ 50 Titus Lane- Billing question.

Jon Marro presented the information from the billing vendor Computil regarding the second house next to 60 Kathy Drive (50 Titus Lane). Computil could not find water consumption data for 50 Titus Lane, so the house is on a well (billing rate \$88.25 per 6 months). In addition, per the 2007 Grand List, there is not any listing for 50 Titus Lane but rather a listing for 40 Titus Lane. The same owner of 60 Kathy Drive; Ruth and Jeffery Meyer owns this house. Mr. Marro then reported that a payment of 6 bills at \$88.25 plus 18% interest (three years of back billing) would have the owner paying \$ 624.81. John Fanotto asked about if there was a 2nd sewer assessment for the second house (40 Titus). Jon Marro indicated that only one payment was every recorded for 50 Titus Lane, and there wasn't any assessment for the other house (40 Titus Lane). Attorney Bruchal was asked to work with Jon Marro, and discussion ensued as to the history of the two houses. Atty. Bruchal was instructed to find on the land records both houses, make sure both houses had sewer assessments placed, and inform the owners about the aforementioned sewer use and assessment billing. Atty. Bruchal asked Jon Marro for a summary of the problem and of all documentation in the matter. This matter will be placed on next month's agenda.

Veolia water reports-

Tony Bellao reported on the roof repair, and the RAS pump is being repaired and the old sewer pumps from a pump station will be scrapped. Plant and pump station lawns were

Engineering report- Jim Galligan is still working on the plant O&M manual with Tony Bellao. Rolling Hills pump station acceptance- will be on next month's agenda.

Shari Drive- the contractor wants to have the sewer/road work accepted in order to have Robert Looker sign off on the performance bond (of the contractor). Jim Galligan did not
