VI. REPORTS

A. Strategic Plan Requirements - Trish Danka, Strategic Planning Committee

Ms. Danka talked to the Board about joining the Town on doing a Strategic Plan. She said she is aware of the work involved as she has been working on the Strategic Plan for the Town for a couple of years. The Town and Board of Education are two separate departments but one entity for the Town. The Town cannot do a Strategic Plan for education in the Town of Seymour. She suggested a committee be formed with the Superintendent, Associate Superintendent involved. The format of the strategic plan is pretty simple. It is a long term plan, currently a ten-year plan. It is a plan that is meant to be elastic. Mr. Putorti asked what information is wanted by the Town and Ms. Danka responded that is up to Board of Education. It would be nice if the information mirrored the Town information but it is not required. The Town is doing an overall update of their plan in October but when asked when the Board's strategic plan would be due, Ms. Danka said she did not want it to be rushed. There was a brief discussion initiated by Mr. Strumello involving the turf field costs in the future and to insure field maintenance is not a surprise. Mr. Putorti asked Mrs. Syriac if this is something that she, Mrs. Tencza, and Mr. Belden can do or would it be something that the Board would be involved in. Mrs. Syriac said there would be many people involved; committees must be formed as this involves a lot of work. Ms. Harmeling said this is a Board responsibility and must be driven by the Board. Committees must be developed but it must be driven by the Board. Ms. Danka said it is a ten-year plan that must be looked at every two years. When asked what our timeline would be, she said it is always a ten-year plan, continually adjusting the time frame. She said it is a living and breathing document. Mr. Miller said we already have a lot of information already. Mr. Strumello said this would be a tremendous topic for a Board retreat even if we have a series of short meetings. Mr. Stanek said he felt we need to put money aside for infrastructure in a contingency so we don't have a short fall. Mr. Garofolo asked how the Strategic Plan would be communicated. Ms. Danka said we have a plan and we are working on it. In October there will be a summit, the plan is online and they are trying to get people interested. She said students at the high school are doing videos and they are doing all they can to get the public interested.

Ms. Danka said they would appreciate periodic updates so information can be shared with the Strategic Plan Committee. She said they would like to see something substantial before five years and she will come back to the Board to check on progress. Ms. Magri said she thought the financial piece should be done first. Mr. Putorti asked if the Board was in agreement to do a Strategic Plan. Mr. Hatfield asked if this would be done in the fall in the evenings. He also asked how much a consultant would cost. Mr. Putorti said we would find this out.

B. NEASC Report Update

Mrs. Syriac said that we will be hearing from the NEASC committee in October and the high school will receive a rating. She said this report is very different from the reports of the past. She said Mr. Freund is pleased with the report. She will be sharing a report with you tonight so you can read and send us questions about it. Mr. Freund will answer any questions at the September meeting. She said Mr. Freund needs to share with faculty and staff. Mrs. Syriac said in order to streamline the report to the Board in September, she would appreciate questions from the Board be emailed to her and Mr. Freund.

Mr. Garofolo asked what would be done if the town felt they were not getting their fair share of time from this person. Mrs. Syriac said she meets with Mr. Miller monthly and have good communication. She was sure any problems would be quickly resolved. Mr. Stanek asked if we would offer an incentive to not pick up medical insurance. Mrs. Syriac said no, this is something we no longer do. G. Board of Education Report

1. Chairman's Comments

None

2. Board Member Comments

Mr. Stanek complimented Mr. Freund and the faculty on the graduation ceremony. He said it was evident that Mr. Freund is very well liked by the students as they showed much affection toward him. He said it was a wonderful ceremony. He said graduation is the most important Board of Education event of the year. It brings everyone together. He said he sees faculty in the audience but not participating in the ceremony. He thinks we should talk to them about participating. He knows we cannot force them. He feels an invite should go out to all faculty at all levels to participate in the ceremony. Mr. Strumello and Mr. Hatfield attended the CABA Leadership Workshop. Mr. Strumello said many districts use the third Monday of the month for their retreats. Mr. Hatfield said there was interesting talk about other Boards of Education and customer service. He feels part of our outreach should be how to improve our customer service interaction between us and the public. He asked that the BOE agenda be emailed to all staff. Ms. Harmeling asked about getting more no smoking signs at our beautiful new facility at the high school.

H. Superintendent's Report

1. Director of Special Services Position

Mrs. Syriac informed the Board that she has transferred Dr. Kristopher Boyle to the position of Director of Special Services to fill the vacancy created by the resignation of Ms. Virginia Tagliatela. He will begin on August 29. We will post the Bungay School Assistant Principal position on Thursday. Mr. Gentile will return to Bungay School as the interim Assistant Principal until we can hire someone for this position.

2. Middle School Schedule

Mrs. Syriac explained that we reduced the number of teachers at the middle school and added French classes. She asked Mrs. Hamad to give a brief description of the middle school schedule. Mrs. Hamad explained that the middle school schedule worked off a four day schedule vs. a 10 day schedule. Rotations work off of academic classes. The addition of French creates a time lock and the 8th grade teacher will be able to teach 7th grade. Classes rotate so the same class is not always held at the same time. Mrs. Syriac said from a student's perspective this is good as some students learn better in the morning others in the afternoon. With regard to world language, all parent requests were honored. The introduction to a language helps student decide if they want to take a language. If a student takes a world language class they have to eliminate a unified arts class.

3. High School Course Offerings Update

Mr. Freund did a brief overview of the course offerings at the high school. We have a wide variety of course offerings for students. He said that we are offering two French classes, saying our one year hiatus has built up interest in French. Mr. Hatfield wanted to know if credit would be given for French as it had for Spanish at the middle school level. Mr. Freund confirmed credit would be given. He reported that the EMT class went well with just about half of the students completing the course went on to take the assessments.

VIII. RECOMMENDED ACTIONS

A. Tuition Student

Mrs. Syriac said we have not had tuition students since the Oxford School exit. The other tuition student was one who would be moving to Seymour and would not be a tuition student once her family finds a home. Mrs. Syriac asked the Board to be cautious with regard to tuition students as we are opening up concerns. She asked the Board to direct her to do a thorough check of the academic and disciplinary records of students requesting admission as a tuition student. Ms. Harmeling asked if there was a form that needed to be completed. Mrs. Syriac responded there was not a form, that the parents petition the Board in the form of a letter. Mr. Hatfield asked about the cost of tuition and if it has been updated recently. Mr. Belden said it is based on per pupil expenditures and it updated every year. Ms. Magri asked what constitutes a valid acceptance. Mr. Hatfield voiced his concern that it is a week before school starts and the fairness to the parents. Ms. Harmeling asked if there is special education or is a 504 plan in effect and how is that handled since it is more expensive. Mr. Belden confirmed the parents would have to pay more.

Mr. Stanek said he feels requests such as this warrant a special meeting since he feels the parents should have had an answer sooner. Mrs. Syriac again cautioned the BOE not to accept tuition students.
