Suzanne will follow up with Teila as to what date would be best for her to attend a meeting. It was also suggested that we invite First Selectman Kurt Miller to come and speak with us to inform us as to what he envisions our Committee to focus on over the next year. The budget process has already begun and we ought to consider if we'd want to propose funds for our continued work. Transportation is an area that the committee feels is of importance, and it was suggested that transportation would be provided for all age groups when the new Community Center bus is received. A recent New York Times article mentioned initiatives around recycling.
