Item #5: Ongoing projects

The LED streetlight conversion is nearing completion with only a few minor corrections remaining.

New town building improvements are currently underway, including energy efficient windows at town hall and weather upgrades at the schools. Planning for the upgrades began in October and construction began in December. Future upgrades include LED lighting, boiler replacements, and solar panels on school buildings.

The committee further discussed the flyer will be split into 3 categories, one including general information, one including what the town has done to be more sustainable, and the last including information on what the homeowner can do. Emphasis will be given on energy/money savings. It was also discussed including tips on the Community Services mailer in place of a flyer.

Item #6: Public comment
