Item #5: Ongoing projects

The Town of Seymour signed a streetlight maintenance contract following the LED streetlight conversion.

The Johnson Controls upgrades project has experienced some adds and deletes to the initial plan resulting in excess funding for building efficiency upgrades. The town is currently looking for additional opportunities.

Item #6: Future Projects

An Earth Day clean-up project is planned for Saturday, April 13th at the town Community Center. The committee will ask Public Works to supply garbage bags and some necessary tools for the effort. The committee will ask local restaurants to donate pizza for volunteers. The town's social media presence will be used to promote the event.

The town's budget for next year, starting in July will include funding for a town wide mailer. The committee believes the grant money from the Bright Ideas Grant is best used as part of that budget.
