Dear School Nurse (or other qualified professional),

The student named below had a PPD placed on the left forearm in our office.

Student Name: _____

Date PPD planted: _____

As you know, the PPD must be read 48 to 72 hours after it is planted. May we ask you, please, to **read** the student's PPD, **record** the number of millimeters of induration, and **fax** the result back to our office?

Our fax number is (302) **392 -0020**. Thank you for your help!
