Mr. Parkus called the meeting to order at 6:07 p.m.

**Guests & Audience**

Ms. Quinn introduced Dan Carbo and advised that he would like to speak to the Commissioners about creating a disc golf course in Town.

Mr. Carbo distributed booklets on the sport of disc golf and described how the game is played. He stated that it is a family sport, very popular throughout the country and growing in CT. He advised that there are currently 18 courses in CT but that the closest course to East Haddam is over one hour away. Mr. Carbo stated that they have spoken with the Land Use Director about the project who is very supportive.

Mr. Carbo advised that Mr. Ventres recommended the Open Space behind Nichols Field as a good site for the course because it has walking paths, is not currently heavily used and has adjacent parking. He displayed a map of the area with a proposed 18-hole course design and responded to several questions from the Commissioners. He advised that it is preferable to have an experienced consultant design the course; however most of the installation work could be done by volunteers. He stated that the design/equipment/ installation costs are between $25-35,000.00 and agreed to develop a comprehensive budget for the proposal.

Ms. Quinn advised that the liability risk would be covered by Town insurance. She thanked Mr. Carbo for his presentation.
