4. OLD BUSINESS
   A. Silver Petrucelli & Associates

Mr. Stein will be sending a set of plans to USDA. The USDA has reviewed Downes Construction’s contract and has given permission to proceed to bid and execution of contract. Because the contract is a CM at Risk agreement, the USDA does not need to review all the contracts.

Silver Petrucelli has 98% of the plans ready for peer review and to go out to bid. Mr. Stein suggested separate allowance as a part of the GMP/budget item for the well design.

Mr. Stein suggested having a special meeting to review the well design and application process.
B. **Downes Construction**

Mr. Wojtowicz met with Jared Smith-Fuss and O’Neill to review and revise the contract dated November 21, 2016. Mr. Wojtowicz reported changes had reduced costs and the contract fees. Fuss and O’Neill’s contract will be sent to the USDA for approval.

Advanced Reprographics will be used to supply contractors with bid documents. A hard copy set will be made available at the Selectman’s Office.

Downes Construction will reach out to local contractors to answer questions and review bid requirements.
