OLD BUSINESS

Status Reports:

1. EDC Chairman Update

i. EDC Coordinator Position – Mr. Casner reported that the Town had received several applications for the Coordinator position. He advised that a committee of himself, Mr. Lyman, and Mr. Bergeron would meet in mid-December to review the applications and make a recommendation. He noted that, if necessary, the Commissioners could schedule a special meeting for December 19th to consider and vote on the committee’s recommendation. Ms. Smith stated that she had applied for the position and would, therefore, abstain from EDC’s vote on the matter.

ii. Scenic Easement Application – Goodspeed Airport – Mr. Casner reported that the Gateway Commission was meeting this evening and that Mr. Mellon’s attorney would present his request for a modified easement. He stated that the revised easement contains language providing public access rights to the area. Mr. Casner responded to several questions from the Commissioners regarding this issue.

iii. Update on Zoning Revisions for IG Zone – Mr. Casner reported that he had received a letter from Shagbark requesting EDC’s assistance in approaching the Planning and Zoning Commission regarding modifying the boundaries of its Industrial Zone. He stated that P&Z informed him the boundaries in that zone were changed in 2003; he advised that Shagbark would like to go back to the pre-2003 boundary. Mr. Casner noted that P&Z is open to making the changes.

The Commissioners reviewed several maps of the area and Mr. Casner responded to questions from the Commissioners. It was the consensus of the Commissioners that no property owners would be harmed by reverting to the pre-2003 boundaries.

MR. PARADY MADE A MOTION, SECONDED BY MS. SMITH, TO AUTHORIZE MR. CASNER TO PURSUE A CHANGE OF THE BOUNDARY OF THE INDUSTRIAL ZONE WHERE SHAGBARK IS LOCATED WITH THE PLANNING AND ZONING COMMISSION. UNANIMOUS AYE.

2. First Selectmen’s Report – Mr. Lyman was not in attendance at this meeting. Consequently, no report was made.

3. Goodspeed Landing Committee – Mr. Casner reported that the appraisals of the land and buildings on the Town Office Site had been received and were lower than he had expected. He reviewed the report and advised that the appraised value was reduced by the projected cost to do a Phase III analysis and potential clean-up of the garage area. He noted that appraiser had also included values for the properties needed to create a new access to the property. The Commissioners agreed that the appraised value does not justify spending additional money on project at this time.

Mr. Casner advised that EDC had received a bill for the outstanding balance due the appraiser.
