**First date: May 26, 2016**

Mr. Mark Thiede, Two Wrasslin Cats addressed the Board. He explained his plan for an extension on his structure in order to serve ice cream, but it would put him closer to the property line. The addition would add to the service area about 240 square feet, which would add two service windows for providing ice cream.

Mr. Thiede explained that his business is specialty coffees, and breakfast/lunch sandwiches. He is now interested in providing ice cream, at least during the summer months.

Mr. Ventres presented the site plan that was on file, including the CT DOT easement. Mr. Thiede explained that due to site restrictions, this is really the only place he could add this service area.

Mr. Smith asked if the addition would be to the right of the current shop entrance, to which Mr. Thiede responded affirmatively.

Mr. Fiala asked if there would be ample parking. Mr. Thiede stated he currently has 15-18 spaces. During the zoning process, they discovered that they could expand a bit, but he would like to see how it goes this summer before making any plans.

Mr. Wood opened the hearing to the public. No public comments were offered.

**Motion by Mr. Daigle, seconded by Ms. Quinn to close the public hearing for appeal #1076 – Mark Thiede (Two Wrasslin’ Cats), 374 Town Street, requesting a variance of Section 10.1 of the East Haddam Zoning regulations in order to construct an addition 10-feet from the side property line where 50-feet is required. Motion seconded by Mr. Fiala, and carried by unanimous vote.**
Mr. Wood explained appeal process and timeframes, and the publishing process to the applicant.

**Appeal #1077 – Alan & Clarissa Basch, 63 Hilltop Road, requesting a variance to Section 10.1 of the East Haddam Zoning Regulations in order to extend an existing deck 11-feet from the side property line where 20-feet are required. Assessor’s Map 67, Lot 158.**

First date: May 26, 2016

Last date: June 29, 2016

Mr. Alan & Clarissa Basch addressed the Board. Mr. Basch stated they wished to extend an existing deck, for the purpose of covering their car. He explained that they have no room for a garage. By extending this area, they could bring the deck over a bit, and they could then cover a car.

Mr. Basch submitted the green, certified receipt cards to Mr. Ventres.

Mr. Daigle asked about the driveway location. Mr. Basch stated they are the only house that has access to this area. Mr. Basch added that they are currently not using this house in the winter, but as they near retirement, they would like to have some way to cover the car for winters.

Mr. Daigle asked about the decking material. Mr. Basch stated they would extend it toward the back yard. He anticipated using Trex or other similar decking material.

Ms. Quinn asked how high the deck is now. Mr. Basch stated it is equal to where the house stands. They estimated approximately 10-feet high or so. It was noted there is a full walk-out basement.

Mr. Daigle asked if the stairs would remain, to which Mr. Basch responded affirmatively.

Ms. Quinn asked how much property was there. Mr. Ventres stated it was .22 acre, and it is a year-round home.

Mr. Wood opened the hearing to the public. No public comments were offered.

Motion seconded by Ms. Quinn, and carried by unanimous vote.**
Mr. Wood explained the appeal and publishing process to the applicants.

**Appeal #1078 – Matthew & Carin Hanlon, 165 East Haddam Colchester Turnpike, requesting a variance to Section 10.1 of the East Haddam Zoning Regulations in order to build a garage 10-feet from the front property line where 30-feet are required. Assessor’s Map 57, Lot 18.**

Mr. Wood opened the hearing to the public; however there was no public present to comment.
