2. Approval of Agenda: Motion made by Mr. Lyman, seconded by Ms. Link, to approve the agenda as written. Unanimous aye.

Ms. Link noted that she had not attended the January 3rd meeting and, therefore, should not be listed as having submitted the minutes. Mr. Lyman stated he would replace her name with his on those minutes.

Motion made by Mr. Lyman, seconded by Mr. Smith, to approve the minutes of the Regular Meeting of January 3, 2018, as amended. Ms. Link abstained from the vote and the motion passed by a majority of ayes.

Mr. Lyman stated that he had not yet reviewed the minutes of the Special Meeting of January 8th and the Selectmen agreed to postpone the approval of those minutes.

4. Correspondence:

   A. Press Release Governor Malloy – Transportation Projects: Mr. Lyman called the Selectmen’s attention to a copy of a Press Release from the Governor in their meeting packets which included a list of CT DOT projects that have been postponed indefinitely. Mr. Lyman noted that the sidewalks along the swing bridge have been eliminated; however, the towns of East Haddam and Haddam are discussing looking into a federal TIGER grant for the project.

5. First Selectmen’s Report: Mr. Lyman reported that he had researched a concern raised at the last Board of Selectmen’s meeting regarding payments to store the furniture donated to the Town for the new municipal offices. He stated that the document brought to his attention was a quote OFI submitted to the Municipal Office Building Committee and the Committee chose not to have OFI store any of the furnishings. He provided information on the actual cost of moving the equipment and confirmed that no storage fees have been paid. He further stated that mold has not been found to be an issue with the donated furnishings and, per an article in the Hartford Courant, Alexion agreed to fully reimburse the State of CT for loans and grants along with all interest and penalties.

   A. Shared Services Report – January: Mr. Lyman called the Selectmen’s attention to the January Shared Services Report in their meeting packets and reviewed several items on the report.
6. Citizen’s Concerns

In response to a concern raised by Mr. Dill, Mr. Lyman advised that the Town is planning to establish a committee to research the options available to capitalize on economies of scale for its library system.

In response to concerns raised by Mr. Dill and Mr. Brownell regarding changing the meeting location for several commission meetings, Mr. Lyman advised that several of the meeting rooms in the new municipal office building will be equipped with high-quality audio-visual/recording technology and the Town hopes to put all of its public meetings on-line.

In response to a concern raised by Ms. Dickinson, Mr. Lyman clarified the depreciated value of the furnishings gifted to the Town and how the amount was determined. Mr. Edward Blaschik added additional clarification.

In response to a concern raised by Mr. Gelston, Mr. Lyman confirmed that the two state bridge projects on Route 82 currently underway in the Town will not be impacted by the state’s postponement of DOT projects.

Mr. Brownell noted that the planned replacement of the Bone Mill Road Bridge was on the list of the state’s postponed DOT projects and stated that he did not think the project was critically urgent. Mr. Smith pointed out that the Lyme Fire Department uses the bridge when responding to mutual aid calls in East Haddam and Ms. Zemienski noted that the Town has already signed a contract for the work with a contractor.

Ms. Haines responded to one of the options discussed regarding the library buildings and stated it is her opinion that the Town should not take on the responsibility of another empty building to maintain.

In response to a concern raised by Ms. Haines concerning the status of the bid for testing the Town garage site, Mr. Lyman stated that there was no update on the bid at this time.

In response to a concern raised by Ms. Dickinson, Mr. Lyman advised that the Town does not have a formal list of “essential employees” who must come into work during extreme weather events and that the Public Works Road Superintendent supervises the snowplows whether or not Director Lunt can make it into the office.

In response to a concern raised by Ms. Gelston, Ms. Link noted that on the date in question, the Town’s Fire and Ambulance services were fully engaged with a structural fire in Town and, consequently, mutual aid would have responded to Ms. Gelston’s 911 call.

Ms. Zemienieski agreed to provide Mr. Smith with a copy of the easement.

There was a general discussion regarding including the Board of Education (BOE) meetings on the calendar on the Town’s website and Mr. Smith agreed to raise the issue at the next BOE meeting.

Mr. Smith suggested several additions/updates to the Town’s website. He noted that his suggestion might cut down of the number of Freedom of Information requests the town received. His suggestions included posting labor contracts, job descriptions, employee salaries, citizen ability to report maintenance needs such as pot holes, and a “Rumor or Myth Buster” category. The Selectmen discussed his suggestions. Ms. Zemienieski noted that the labor contracts for both the Board of Education and the Town are already on the website.

Ms. Link stated that she feels that all of the Town’s Boards and Commissions should hold their meetings in the new Municipal Offices meeting rooms once the facility is turned over to the Town. There was a general discussion regarding the meeting rooms and the recording equipment in them.
A.
