2. Goodspeed Landing Sidewalk – from Lumberyard Road to Bridge – Mr. Casner reported that the proposed Swing Bridge walkway has been moved from the north side of the bridge to the south side and the State is requesting information on what area the new walkway would service. He responded to several questions from the Commissioners.

3. Route 82 at Route 151 Intersection Sidewalk – from Shagbark to Town Tavern – Mr. Casner reported that there are no current plans to install sidewalks at this site; however, design work was done so that the Town would have a “shovel ready” project if an appropriate grant becomes available. He agreed with Mr. Lyman that the Town has no plans to budget for these sidewalks and they would only be installed if grand money became available.

FIRST SELECTMEN’S UPDATE – Mr. Lyman stated that he had no additional update beyond the topics already discussed at the meeting.
