4. Old Business

   A. Status Reports

   1. EDC Chairman Update

      a. Goodspeed Landing—Old Town Office Site – Mr. Casner advised that the RFQ had been released and Ms. Haines reviewed the timeline for the responses. She stated that the RFQ required a mandatory site visit to the property by March 29th and final submissions are due May 16th. She noted that a Town Hearing to approve the developer is anticipated for January 2020.

      Ms. Haines stated that she expected developers will expect the site to have had any contamination remediation completed. She also said that the property and buildings should be maintained in the best shape possible, both for the potential developers’ mandatory site visit and because it is the gateway to the Town. She also recommended the Town make the site available for short-duration events.

      MOTION MADE BY MS. HAINES, SECONDED BY MR. FENNEMA, TO RECOMMEND TO THE BOARD OF SELECTMEN THAT THE FACILITIES DIRECTOR ARRANGE TO HAVE THE OLD TOWN OFFICE SITE BUILDINGS CLEARED OUT AND BROOM CLEANED AND THE GROUNDS TIDIED UP. FURTHER, THAT THE SITE BE MADE AVAILABLE TO THE PUBLIC FOR SHORT-DURATION EVENTS. UNANIMOUS AYE.
2. First Selectman Update

Mr. Lyman was not in attendance at the meeting and Mr. Casner reviewed the agenda items under the First Selectman Update.

a. Building Department – Mr. Casner reported that the First Selectman had interviewed several candidates for the fulltime Building Official and the new hire will start in April.

b. Transfer Station – Mr. Casner briefly reviewed the history of several Transfer Station Committees and the recommendations of the most recent committee. He stated that he feels that the proposals to changes in the operations of the Transfer Station made by the Board of Selectmen are not sufficiently well-defined. He noted that, if the original parameters of who could use the Transfer Station was voted on in a Town Meeting, it would be necessary for the residents to vote again to amend the original vote.

The Commissioners discussed whether or not the Board of Selectmen had the authority to make all of the proposed changes to the operations of the Transfer Station without a Town vote. Ms. Smith noted that the final report of the Transfer Station Committee, including their recommendation, states, “… the Connecticut Municipal Leaders Manual, clearly states the Board of Selectmen ‘makes policy decisions’ (Part 5-2, Section C). Should the Selectmen wish to implement this recommendation, it is their exclusive right under the General Statutes to do so.”

Mr. Casner opened the meeting up to comments from the audience. Ms. Jansky and Mr. Bihilo stated that their support of the changes to the operation of the Transfer Station had been contingent on a Town vote approving the changes. There was a general discussion regarding the impact of the proposal to exclude all “commercial” use of the Transfer Station. In response to an inquiry from Mr. Casner, the Janskys and Mr. Bihilo confirmed that they could support townwide trash pick-up. Mr. Jansky and Mr. Bihilo stated that it would be important to their businesses that, when the Town negotiates its solid waste contract with the Willimantic transfer facility, that the local haulers be included as users of the facility at the same fee as the Town’s fee.

In response to a question raised by Ms. Smith, it was confirmed that the Transfer Station Committee is no longer meeting. The Commissioners reviewed the Town’s ordinance related to the use of, and restrictions on the use of the Transfer Station. Ms. Smith agreed to research the Town Meeting records relative to any vote on the use of the Transfer Station and the Town ordinances related to the Transfer Station.

c. Update on Chatham Health District – Ms. Smith distributed a report with the annual statistics related to fees that were charged to East Haddam residents and businesses. The Commissioners reviewed the report and noted several instances of duplicate fees they felt were unnecessary.

Ms. Smith stated that CHD has offered to facilitate educational programs for Town employees and businesses; however, the Commissioners agreed that the immediate focus should be on improving customer service and revisions to the fee structure.

Ms. Smith recommended inviting the new Director to the May EDC meeting. There was a general discussion regarding the appropriate role for EDC to play in the oversight of CHD’s services to the Town.
3. Economic Development Administrator Report

a. Available Commercial Properties – Ms. Smith distributed a list of available commercial properties and stated that they would be posted on the EDC website. She confirmed that she would maintain the list and update it as needed. Ms. Haines recommended adding a “SOLD” watermark to applicable properties before they are moved off the list.

4. Tourism Committee

a. Fall Celebration – Columbus Day Weekend – Ms. Smith stated that she is co-chairing the Fall Celebration event with Mr. Robidoux and reviewed details of the event.

b. Make Music – CT – Ms. Smith reviewed the origins of Make Music and stated that CT had initiated its first Make Music celebration last year. She stated that the celebration is held on the summer solstice and musicians and venues sign-up for performances throughout the day. She advised that there is no charge to any of the participants or the public to attend the performances.

Ms. Smith stated that several East Haddam businesses have already signed up for the Make Music event and she is working with Ms. Mathiasen to make sure the Town is included in the correct region for marketing purposes.

c. Update on Visitors Guide – Ms. Smith reported that she continues to note changes that must be made to the Visitors Guide for the next printing. She stated that two local farms have offered to distribute the guides at the next annual Flower Show in Hartford.

B. Proposed expansion of the industrial area in the IG zone – Mr. Casner advised that work on Shagbark’s addition is moving forward and the Commissioners discussed the planned use for the space. Mr. Casner reiterated that Shagbark would appreciate the EDC Commissioners’ support at any Planning & Zoning Commission meetings when their proposal is on the agenda.

Mr. Casner requested the Commissioners review the details of the Tax Incentive plan so they can discuss possible improvements at their next meeting.

B.
