   Mr. Lyman also reported on the following:

     • Due to the recent death of a Town resident due to the Eastern Equine Encephalitis (EEE) virus, the Town and the Board of Education have cancelled all evening outdoors activities. He noted that, at this time of year, the risk is relatively low; however, there is still a possibility of infection.

     • David Southworth will fill the SRO position starting October 3, 2019.
• He had spoken with Ms. D’Aquila, who was unable to attend the meeting; however, she informed him that the Ambulance Association’s statistics continue to be positive.

• In a unanimous decision at the October 1, 2019 Town Meeting, citizens voted to accept the gift/donation/transfer of real and personal property from the East Haddam Free Public Library and Reading Room Association, Inc. in furtherance of the creation of a single, unified town library system.

• At the same Town Meeting, citizens voted to accept the recommendation of the Board of Selectmen and the Board of Finance to enter into a five-year contract with Willimantic Waste Paper Co., Inc. for disposal of the Town’s municipal solid and bulky waste and for single stream recycling. 8. New Business

   A. Tree Removal Protocol Discussion: Mr. Lyman recognized Ms. Lunt who stated that she would like the Board of Selectmen to provide her with a written protocol regarding how to determine where the Town’s right of way is for the purpose of assuming responsibility for the removal of hazardous trees in situations where a property’s boundaries are in question. She advised that, when she receives a property owner’s report of a damaged/dead tree, her current protocol is to check with the Land Use Administrator to determine whether the tree is in the Town’s right of way. Ms. Lunt noted that in over one-third of the reports, it is not possible to determine accurate boundaries for the properties and, consequently, whose responsibility it is to remove the tree. Mr. Ventres provided several examples of situations with incomplete documentation concerning boundaries.

   Ms. Lunt advised that, as a result of the property-owners’ reports, the Town is on notice that a hazard exists which may be its responsibility to address; however, in situations where there is incomplete property documentation, she needs specific criteria to make a decision. She noted that, on average, it costs approximately $1,000.00 to remove a tree and surveys cost approximately the same, therefore, that would not be a cost-effective solution.
There was a general discussion regarding Ms. Lunt’s request for a written protocol. In response to a question from Mr. Lyman, Mr. R. Dill confirmed that there is a state statute giving the Town’s Selectmen authority to determine a property’s boundary in situations where property records are incomplete.

Motion made by Mr. Smith, seconded by Mr. Lyman, to create a written protocol for Public Works for determining the Town’s right of way for the purpose of assuming responsibility for the removal of hazardous trees. Said protocol will note that, if after an extensive search of the records and field inspections no boundaries can be found, then the road width will be assumed to be two (2) rods wide or thirty-three (33) feet wide and the property lines will generally be considered sixteen and a half (16.5) feet from the centerline of the road. It was further moved that in extenuating circumstances, per state statute, the Board of Selectmen will be authorized to make a site visit and make the decision on where a property’s boundaries lie. Unanimous aye.

B. Board/Commission/Committee Changes (COA):

**Commission on Aging**

A. Reschedule of 10/16/19 Board of Selectmen’s Meeting: Mr. Lyman noted that the East Haddam Business Association is holding a meet and greet the candidates at their next regular meeting on October 16th from 6:30 p.m. to 8:00 p.m. He noted that the Business Association’s meet and greet coincides with the Board of Selectmen’s last scheduled meeting of the term and Mr. Smith had asked if the Board would consider changing the time of the Selectmen’s meeting to 5:00 p.m. so that he could attend the Business Association’s meeting. Ms. Link advised that she has scheduling conflicts at 5:00 p.m. and the Selectmen agreed to delay the start of the October 16th Board of Selectmen’s meeting until 7:30 p.m.
Motion made by Mr. Lyman, seconded by Ms. Link to enter into an Executive Session for discussion of potential property acquisition at 7:34 p.m. Unanimous aye.
