She noted that she anticipates the Governor will release his budget on February 20th. She provided a general overview of the budget and stated that she has included a 5-year lookback in each department’s budget.

A. General Government Budgets

**Assessor’s Budget:** Ms. Varricchio stated that the grand list has increased 1% over last year’s value and that she used a 2.25% salary increase across the board since that was the amount negotiated with the unions.

Mr. Lyman noted that the governor has proposed that the state take over collection of vehicle taxes which accounts for approximately 8% of the Town’s grand list.

**Building & Maintenance Budget:** Ms. Varricchio advised that the electricity and heating expense for the River House/Annex was reduced from the amount estimated last year. The Grange Hall and Millington School House budget remained the same. The Grange Hall budget decrease as the expense for the completed chimney repair was in last year’s budget.

**Collector of Revenue:** Ms. Varricchio noted that “Tax Collector” had been changed to “Collector of Revenue”. She advised that there has been an increase in credit card use and confirmed that the cost associated with accepting credit card payments is borne by the taxpayer. Ms. Varricchio noted that the $130 increase in this budget is due to proposed participation in the Certified Connecticut Municipal Official (CCMO) program.

**Registrar Budget:** Ms. Varricchio stated that the Assistant Registrars’ hours have been decreased and the Registrars have proposed that the Registrar’s hours be changed from hourly to a yearly stipend of $7,500.00. She responded to several questions from Ms. Link.

**Finance Budget:** Ms. Varricchio advised that the only change to this budget was a 2.25% increase in salaries.

**Land Use Budget:** Ms. Varricchio advised that the only change to this budget was a 2.25% increase in salaries.

**Municipal Office Complex/Central Services Budget:** Ms. Varricchio stated that several expense items had been underestimated in the 2018-19 budget. Ms. Zemienieski advised that the Comcast VOIP phone expense was $50/month higher than anticipated and the electricity cost in
the new Complex averages approximately $7,500.00 per month which, though higher than estimated, is comparable to the school’s square foot cost for electricity. She also noted that the cost of water testing required by the State of Connecticut Department of Health is considerably higher than they were at the former Town Office Site. Ms. Zemienieski reviewed the water test requirements and stated that some requirements may be eliminated, depending on results, over the next two years.

**Shared Services Budget:** Ms. Varricchio noted that the Shared Services budget is presented in a different manner this year. The budgets for salaries, benefits, conference, travel reimbursement and supplies are now considered General Government expenditures. This means that any unexpended funds in these areas are returned to the General Fund at the end of the year. Technology and Maintenance funds will continue to be multi-year funds. The Selectmen agreed to discuss this agenda item in more detail at a future meeting.

**Town Clerk Budget:** Ms. Varricchio noted that a couple reductions occurred in the Town Clerk’s budget and the only addition to this budget was a 2.25% increase in salaries.

**Town Office Building Budget:** Ms. Varricchio pointed out that the budget for the former Town Office Building will be eliminated if the property is sold. She noted that the estimated expense to maintain the closed building was less than what was projected.

**Fringe Benefits Budget:** Ms. Varricchio advised that the increase in this budget was due to a significant increase in the Town’s MERF plan contribution to the state required by its contract with the Teamsters union, requests by the Fire Department and Public Works for additional staff, and the planned hiring of a full time Building Official.

In response to a request by Ms. Link, Ms. Varricchio agreed to provide her with a spreadsheet with a departmental breakdown of this expense.

**Insurance (Risk Management) Budget:** Ms. Varricchio stated that there was a reduction in the Liability, Auto and Property budget tied into the removal of the Builders Risk policy for the Municipal Office Complex. Once CIRMA’s final review is completed this budget will most likely be adjusted.

This budget will be updated when the actual indications are received. There was a general discussion regarding the state’s reimbursement rate for Resident State Troopers.

C. Public Works Budgets

**Public Works Budget:** Ms. Varricchio advised that the overall Public Works budget has been reduced by the elimination of the expense of the Town Garage budget but that a net increase was incurred due to the significant tree removal work projected.

**General Highways Budget:** Ms. Varricchio briefly discussed this budget item and no changes were made.

**Transfer Station Budget:** Ms. Varricchio advised that there is an increase in the Transfer Station budget because the Public Works Director’s plan to reduce expenses by implementing a program to haul our own solid wastes to Willimantic fell through due to staff conflicts. She noted that the Town had locked in lower vehicle fuel costs for a 6-month period.

**Tree Clearing/Removal Budget:** Ms. Varricchio advised that the Tree Clearing/Removal Budget was created to track work done on diseased/dead trees in Town. She stated that the Public Works Director estimated the cost to have contractors clear/remove diseased/dead trees on Town property would be approximately $2M, consequently, Director Lunt is requesting two additional full-time employees and the purchase of a bucket truck. Ms. Link requested the Public Works Director provide her analysis for the projected cost of using contractors for the work. **Cemeteries Budget:** Ms. Varricchio noted that there was little change to this budget. Mr. Smith noted that the 2nd Burial Yard needs attention and recommended marking the boundaries of the Old Town Road Cemetery.
**Chatham Health District Budget:** Mr. Lyman noted that the 7.3% increase to this budget is due to the Town’s share for the cost hiring an additional staff member by Chatham Health District. He advised that the new hire is a consequence of East Haddam, and several other municipalities, requesting improvements to the services CHD provides.

**Human Service Budget:** Ms. Varricchio reported that this budget remained flat.

**Senior Services Budget:** Ms. Varricchio stated that the increase to this budget is due to the Director’s request to increase cable service to the Senior Center to allow for streaming of sports events and other entertainment, and to seal the driveway and parking lot. Ms. Varricchio noted that funds budgeted by the town for reimbursement of lake expenses are a 50% match of eligible lake expenses up to the town budgeted amount. Also the Association has requested that the town resume the annual distribution to the lake capital reserve as there are significant capital needs at the lakes. She stated that East Haddam’s debt is currently at $2,771.00 per capita and is projected to be reduced by 66% in 10 years. She advised that the proposed budget does not result in any increase in taxes due to debt.
