

EMERGENCY MANAGEMENT/LEPC MTG
Wednesday September 1, 2010
Town Street Fire House
6:30 PM
Emergency Meeting Minutes

Present: Craig Mansfield, Mark Walter, Emmett Lyman,
Jennifer Spencer, John Blaschik, Fred Thumm,
Don Angersola, Marty Bogue, Martha Kerr

Meeting was called to order at 630PM.

Pending Storm preparation discussion

Craig provided the group with the latest weather information provided by DEMHS. At this time we are forecasted to have tropical force winds and 2-4 inches of rain in our area. This will surely cause power outages and some minor flooring of small streams.

Departments provided updates on what they have done for Storm Preparation to date. All areas have reviewed supplies and are testing all equipments.

Jiffy has been in contact with the Red Cross and begun discussions around opening a shelter should it be needed.

All phone lists have been updated and Craig will be in contact with CLP tomorrow to remind them that the EOC is available to them for use as a storm center if needed.

Each area needs to review manpower availability for post storm response. Fred noted that Rich Toolan is on vacation but could be available if needed.

Jiffy and Martha will go through the list of individuals that self identified with special needs and make contact with each one.

All departments will report any possible issues around pre-storm preparation to Craig.

Next Meeting:

Craig will continue to monitor the forecast and should the projected path of the storm move closer to CT the group will plan to meet again to tomorrow night.

Adjournment:

Motion to Adjourn made by Jennifer Spencer seconded by John Blaschik. Passed Unanimously.

Meeting adjourned at 835 PM.

Submitted
