Dorothy F. McCrosson, Esquire

RE:

Ordinance Amending Fee Ordinance and Smoke Detector Inspection Ordinance

To Include Rental of Portion of Dwelling

The method of renting properties in Ocean City now includes the rental of homes, and spaces within homes, which have not previously been rented. The City has an interest in ensuring that all residential premises which are rented have properly located and operating smoke detectors, carbon monoxide detectors and fire extinguishers.

The attached ordinance would make it clear that prior to renting any single-family dwelling or two-family dwelling, or any portion thereof, the owner must obtain a mercantile license (fee: \$30 plus Ocean City Tourism Commission fee \$145), and a smoke/CO detector inspection.

RE:

Installation of Vehicle Maintenance Exhaust Equipment

Public Works is looking for support and approval to move forward with the installation of the Vehicle Maintenance exhaust system by Doc's Lubricating and Lift Services LLC. This work is suppmted by the 2015 Capital program. Two quotes were received for this work, the lowest includes prevailing wage estimates. Both quotes are below the biddable threshold but above \$17,500.00. The quotes are from two companies specializing in the required improvements and both have done work for the City in the past.

The installation of the exhaust system is another step in the improvements planned for the Vehicle Maintenance shop. All the improvements thus far have improved service, turn around time and working conditions in this shop. The ability to remove vehicle exhaust without having the doors open will improve safety and in the colder months retain heat in the shop. The exhaust units quoted are adaptable and will be able to draw the exhaust from all current and future vehicles and equipment in the inventory.

If you have any questions or need more information to suppmt this installation, don't hesitate to contact me.
