

ATTENTION, TOWN OF MIDDLETOWN RESIDENTS: PLEASE HELP!

The Town of Middletown is getting overwhelmed by picking up Yard Waste (grass, branches, weeds, etc.)

Did you know your trash bill includes a Yard Waste pick-up every Monday??

Please use this can (green can with yellow lid) for your yard waste!! This can is picked up every Monday by your waste hauler, Trash Tech.

If you need a second can, call us at Public Works (378-2211).

If you have yard waste that just won't fit in the Monday bin, call Public Works to schedule a pick-up. Each development is picked up on a Monday-Friday schedule. Visit our Website at www.middletownde.org for the schedule.

Remember these Yard Waste Reminders:

- DO NOT MIX recycling and yard waste – this is contaminated recycling and will not be emptied.
- DO NOT place bags filled with yard waste on the curb for Public Works or trash pick-up, they will not be picked up.
- WE DO NOT ACCEPT mulch, tree stumps or root balls.
