

**PRESENTATION ON WOODLAND AVENUE EXT.
RECONSTRUCTION PROJECT**

**WEDNESDAY, JANUARY 9, 2019, 6:00 P.M.
32 WEST AVENUE; OCEAN VIEW, DE 19970**

The Town of Ocean View's Department of Planning and Development, along with The Kercher Group, has completed the design for drainage and roadway improvements along Woodland Avenue Extended. This project has been developed to address roadway and drainage problems along Woodland Avenue between Central Avenue and West Avenue.

The Presentation will be held on Wednesday, January 9, 2019 at 6:00 p.m. at the Ocean View Town Hall located at 32 West Avenue. Interested property owners along this roadway and the general public are encouraged to join us to review the proposed design and ask questions regarding the project.

Discussion topics will include design specifics, the anticipated project timeline and anticipated roadway closures and disruption to traffic.

For further information, please contact Kenneth Cimino, Director of Planning, Zoning & Development, at (302) 539-1208 x113 or via email at admintov@oceanviewde.com.
