

Are you or someone you care about
using prescription opiates or heroin?
Are you aware of the risk of overdose?

Help them get educated and avoid overdose.

Prevent an overdose. Recognize an overdose.
Learn how to respond to an overdose. Attend a workshop.
Get trained. Learn about Naloxone.

DOSE

DOSE is a program designed for anyone who wants to help opiate users (including themselves) avoid and survive an overdose:

- Participants complete a one-hour training workshop which will be offered at different locations Statewide.
- Anyone completing the workshop will receive a certificate of completion. This certificate can be used as proof that the person has been trained by a DHSS approved training program.
 - To acquire the certificate of completion, you must complete the DOSE course with a DHSS approved provider.
 - With the certificate of completion, you can begin a conversation with your doctor about Naloxone and its benefits.

If opiate users don't die from an overdose, there's also risk of:

- Suffering from brain damage
- Becoming paralyzed
- Losing arms or legs due to sepsis

Save a life. Next DOSE Workshop is:

Date/ Time: 6/27/19 @ 5:30pm

Location: Ocean View Police Department

201 Central Ave Ocean View, DE 19970

"We are losing too many lives to this overdose epidemic. This DOSE training could be the difference between life and death."

- Debra Cassidy, DOSE Coordinator

"In 2014, we have seen a 2,206% increase in heroin usage, an 860% increase in arrests, and 2,000% increase in the seizure of heroin product in the last two years."

- New Castle County Police Dept.

Change is good.
